RAILWAYS.

*(*Denotes that this work is advertised in Engineering News.)*

NEW JERSEY.—A bill has been introduced in the State Legislature, at the request of the Pennsylvania R. R., to enable any railway company to acquire land by condemnation, when necessary, not exceeding 50 ft. in addition to the 100 ft. right of way previously allowed, to permit six tracks being placed where the traffic demands. This is taken to mean that the Pennsylvania intends to complete its six-track line across New Jersey.

✦PENNSYLVANIA.—Baltimore & Ohio R. R. Official advices state: "The contract for the construction of a new double-track tunnel, with its approaches, between Sand Patch and Manila, Pa., has been awarded to H. B. KERR & CO., INC., 922 Arcade Bldg., Philadelphia, Pa." The tunnel will be 4,000 ft. long, and the contract is approximately $1,250,000. Noted on March 16.

NORTH CAROLINA.—The Raleigh, Charlotte & Southern Ry. has recently been incorporated to build a railway between Raleigh and Charlotte, by way of Pittsboro, Asheboro and Albemarle. The incorporators are: W. L. Mann and R. L. Brown, Charlotte; A. H. London, Pittsboro; and O. R. Cox, Asheboro.

LOUISIANA.—The Illinois Central Ry. contemplates improvements involving expenditures aggregating $3,500,000. Nearly $1,000,000 is to be expended in double tracking 18 miles of main line between New Orleans and Ponchatoula, and in rectifying the grades between McComb City, Miss., and New Orleans, a distance of 105 miles. A. H. Baldwin, Chicago, Ill., is Ch. Engr.

✦TENNESSEE.—Birmingham & Northwestern Ry.—Official advices state: "The contract was awarded, April 12, to J. W. WRIGHT, JR., Union Springs, Ala., for constructing 50 miles of road from Jackson to Dyersburg, Tenn. It calls for completion of the road within six months. The construction will start at the Jackson end. There are approximately 500,000 cu. yds. earth work, no rock; 100 acres clearing, 3,300 lin. ft. trestle, 2,500 lin. ft. pipe; one 70-ft. steel span across Forked Deer River. The line passes through Madison, Crockett and Dyer counties, and through Bells, Alamo, Crockett Mills, and Friendship. The country is a farming section, except where timbered. The road will connect with the Nashville, Chattanooga & St. Louis Ry., Illinois Central Ry., and the Mobile & Ohio Ry. at Jackson. The Louisville & Nashville Ry., at Bells, and the Illinois Central Ry. and the Memphis, Chicago & Gulf Ry., at Dyersburg, Tenn." R. M. Hall is Pres., and M. Harvey, Ch. Engr., both of Jackson, Tenn.

✦Jackson Construction Co., Jackson, Tenn.—Bids are wanted on the following materials for construction of the above railroad: 60-lb. rail with spikes, angle bars, etc.; 70-lb. rail with 18" spikes, angle bars, etc.; 1,000 lin. ft. 24-in. pipe, all classes; 250,000 ft. B. M. bridge timber; 1 70' steel span; 2 railroad crossings; cattle guards; switches, switch stands, etc. Quote prices f. o. b. cars at Jackson, Tenn.; Bells, Tenn., and Dyersburg, Tenn. P. M. Hall, Jackson, Tenn., is Pres.

✦KENTUCKY.—Louisville & Nashville R. R.—The contract for a new classification yard, with a sorting capacity for 4,000 cars and storage capacity for 1,500 cars at Decoursey, near Latonia, has been awarded to THRASHER & GUNTER, Knoxville, Tenn.

OHIO.—Pennsylvania System (Cleveland & Pittsburg R. R.).—The subsidiary company has increased its capital from $22,000,000 to $40,000,000 to complete the following improvements: The sum of $4,500,000 for the completion of work heretofore authorized and already undertaken at different points along the line; $3,000,000 for track elevation in connection with grade-crossing elimination at Cleveland; $2,000,000 for new docks and dock machinery at the same point; $2,500,000 for the road's one-fourth share of the estimated cost of the proposed new union passenger station there; $2,000,000 for the completion of the second track between this city and Cleveland, now under construction; $2,000,000 for the construction of third and fourth tracks, and $2,000,000 for additional equipment. Thomas Rodd, Pittsburg, Pa., is Ch. Engr. of Lines West of Pittsburg.

NORTH DAKOTA.—Great Northern Ry.—Press dispatches are to the effect that James J. Hill has stated the cut-off, or air line, from Fargo to Surry will be built this year. The line, about 200 miles long, will in part be through a new territory and avoid a long detour by way of Grand Forks. It has been projected several years. A. H. Hogeland, St. Paul, Minn., is Ch. Engr.

TEXAS.—The following report concerning railroad activity is issued by the State Railroad Commission:

"Atchison, Topeka & Santa Fe Ry.—Besides the work that it is doing on the 110-mile cut-off between Coleman and Texico, it is straightening the western part of the State with the following branch lines: From Lametа to Eden, about 100 miles, following the valleys of the San Saba River and Brady Creek from San Angelo to Sterling City, 75 miles, following the valley of the Concho River, from Plainview to Post City, about 100 miles, through a productive part of the Western Panhandle, from a point on the Plainview-Post City line to La Mesa, 25 miles, from Plainview to Floydada, about 40 miles. More than one half of the Coleman-Texico cut-off line is now finished and in operation. Atchison interests are also back of the Port Bolivar-Iron Ore R. R. from Longview to the iron ore fields in Cass County, in northeastern Texas. This latter line will be 30 miles long.

"The Kansas City, Mexico & Orient is pushing construction on both its main line and Del Rio branch line in Texas. Grading and track laying forces are at work between San Angelo and Fort Stockton and between El Dorado and Del Rio. More than 380 miles of new track will be finished during the present year for the system, according to present expectations.

"The Texas Central, now owned by the Missouri, Kansas & Texas, recently amended its charter to provide for extending its new branch line that was finished to Cross Plains a short time ago, from the latter place to Nolan, 100 miles. The main line of the Texas Central will be extended from Raton to Roswell, N. M., about 300 miles. The Missouri, Kansas & Texas will also obtain a Southeastern outlet by connecting up its "Orphan" line that now runs between Trinity and Comanche, 75 miles, in Eastern Texas, with its main line and the Houston & Texas Central at Waco, and by building an extension of about 75 miles from Comanche to Beaumont. From Trinity to Waco is about 150 miles. All of these construction plans have been definitely decided upon and the work will be started during the present year.

"The Southern Pacific Co. has surveyed a cut-off line about 50 miles long between Giddings and Stone City in the Central part of the State. It is again reported that it will extend the Llano branch of the Houston & Texas Central from Llano west to Menard ville, about 10 miles.

"The St. Louis & San Francisco R. R. recently finished the construction of a branch line from Brady to Menardville, more than 50 miles, and this road will eventually be continued south to a connection with the Southern Pacific, the Kansas City, Mexico & Orient and the National Railways of Mexico at Del Rio, about 175 miles. It will give the St. Louis & San Francisco a new outlet to Mexico and establish a new north and south line in Texas. It is reported that the work of constructing the long contemplated extension of the Fort Worth & Rio Grande division of the St. Louis & San Francisco from Brady to San Antonio, about 175 miles, will be started during the present year. The St. Louis, Brownsville & Mexico, which belongs to the same interests, will be extended up the valley of the Rio Grande from Sam Fordyce to Roma, 42 miles.

"An independent construction company is being organized for the building of a railroad between San Antonio and Brownsville, about 275 miles. Stock to the amount of $500,000 has been subscribed to the proposed company by people of San Antonio. (San Antonio & Mexico Construction Co. Noted April 13).

"The St. Louis Southwestern is constructing an extension of its branch line that runs from Waco to Gatesville from the latter place to Commanche, about 75 miles. This line is already finished to Hamilton, about one-half the distance.

"Many prospective railroad projects, involving the construction of several thousand miles of new track in Texas are still on paper."

UTAH.—Eastern Utah R. R.—We are officially advised that surveys have been completed, the right-of-way obtained for this 60-mile steam road between Wellington and Emery. The line will pass through Cleveland, Huntington, Castle Dale and Ferron. The construction will be easy work all dirt. The capital has been partially secured. Henry Wade, Price, Utah, is Pres., and Ira R. Browning, Castle Dale, Utah, Ch. Engr. Noted on March 16.

Union Pacific R. R.—See California.

✦CALIFORNIA.—Topeka & Santa Fe Ry.—The contract to widen the roadbed and reduce grades between Fresno and Mercer has been awarded to GEORGE WEST, 424 Third St., San Bernardino.

Work is to be started soon on a divisional terminal for the Santa Fe in Fresno. About $750,000 will be spent by the railroad in this project. The new freight yards will be about 1½ miles long and a half mile wide and 30 miles of switching track will be laid. A roundhouse, capable of holding not less than 50 engines, will be constructed, and extensive machine shops.

The Redwood City Water Front Ry. Co. has been incorporated. The directors are: George A. Merrill, George W. Loire, V. V. Greco, W. J. Drew and C. F. Morrison. The company proposes to build a railway from a point one-half mile south of Redwood City to a point on San Francisco Bay, a distance of five miles.

Union Pacific R. R.—Announcement has been made by Julius Kruttschnitt, Vice-Pres. of the Union Pacific and Southern Pacific roads, as follows: "The double-track work will begin at a number of places at the same time. One stretch will be from Benicia, Cal., near San Francisco, to Sacramento, about 60 miles. About the heaviest traffic on the Southern Pacific goes over this piece of track. Filling this gap will give a double track from San Francisco to Colfax. The facilities of the ferry at Benicia also will be doubled to accommodate the increased traffic. Another stretch will be at the end of the Salt Lake cut-off. In connection with it, there will be some changes of the line and reduction of grades, which will improve the train loading on the Central Pacific. We shall build a low grade line up the mountain and use the present high grade line for the down traffic, as is often done in such cases. The Union Pacific will be double-tracked from Julesburg, Colo., west about 100 miles, and from Ogden to Farmington, Utah. It is already double-tracked from Farmington to Salt Lake."

MANITOBA.—The Canadian Northern Ry. is calling for bids until May 12 for the construction of the section through the Fraser and Thompson canyons from Hope to Kamloops. This section is 162 miles long of difficult work. It is expected to cost in the vicinity of $[illegible].

ELECTRIC RAILWAYS.

(✦Denotes a contract awarded.)

WATERBURY, CONN.—The Connecticut Co. will double track its Bank St. line for almost its entire length, including a new double track crossing with connecting curves, in Exchange Pl. C. C. Elwell, New Haven, is Ch. Engr.

CATSKILL, N. Y.—The Directors of the Catskill Traction Co. will begin at once to secure right of way for a line from Leeds to Cairo and one from Catskill to Alcen and Cementon. It is not decided which line will be built first. W. C. Wood, Railroad Ave. and Main St., Catskill, is Pres. and Gen. Mgr.

MOUNT VERNON, N. Y.—The Westchester Electric Ry. Co. will reconstruct its Chester Hill line. J. Addison Young, New Rochelle, N. Y., is Receiver.

NEW YORK, N. Y.—A franchise has been granted to the Union Ry. Co. to build a trolley extension in St. Anns Ave. from 163d St. to the Southern Boulevard. Fred erick H. Whitridge is Receiver.

CHESTER, PA.—The Philadelphia Rapid Transit Co. has in contemplation the construction of a branch line extending from its present Short Line, at the new bridge spanning Ridley River, to Fourth St. and Highland Ave., thereby giving the residents of that part of the town the convenience of a direct trolley route through to 54th and Market Sts., Philadelphia. It is understood that the company will build a bridge over Chester River. H. B. Nichols, 820 Dauphin St., Philadelphia, Pa., is Ch. Engr.

HELLERTOWN, PA.—The Hellertown & Richlandtown St. Ry. Co. has been organized and application for a charter has been made. Right of way has been secured from the Hellertown borough limits to the Richlandtown borough limits. A. H. Trumbauer is interested.

LEBANON, PA.—A railway is contemplated, and it is stated work will begin within a month by the Ephrata & Lebanon St. Ry. Co., which will connect Lebanon, Schaefferstown, Hopeland, Clay, Lincoln and Ephrata, about 25 miles. A power house and shops will be located at Ephrata, but storage battery cars will be used. H. H. Singer, Ephrata, is Pres., and M. H. Shirk, Lincoln, is Secy. and Treas.

POTTSVILLE, PA.—Surveys are being made by the Eastern Pennsylvannia Rys. Co. for an extension of 18 miles, connecting Shenandoah, Frackville and Pottsville. J. G. White & Co., 43 Exchange Pl., New York, N. Y., are Operating Mgrs.

CLARKSBURG, W. VA.—The Tyler Traction Co. has been chartered to build a line from Bistersville through Middlebourn to Shirley. Authorized capital is $[illegible]. The incorporators are J. T. Ingram, Pursley, W. Va.; W. J. Neuenschwander, E. A. Durham, A. J. Jackson, Joseph McKay, Henry W. McCoy, and John Kincaid, all of Bistersville, W. Va.

ATLANTA, GA.—A railway from Macon to Atlanta, about 80 miles, is contemplated by the Atlanta, Griffin & Macon Electric Ry. Co. It is stated contracts will be awarded in the near future. W. J. Massee, Grand Bldg., Macon, Ga., is Pres.

NASHVILLE, TENN.—The Nashville Street Ry. & Light Co. contemplates building several extensions to present system, also adding new lines. An application for an amendment to its charter has been applied for as follows: A line across the Broadway bridge, beginning at Fourth Ave. and extending entirely across the bridge to Shelby Ave., in East Nashville. On McFerrin Ave. from Main St. to Driver's Lane. On Fatherland St., from Eleventh St. to Shelby Ave. On the Granny White Road, from Fairview Ave. to a point opposite Glendale Park. On Baxter Ave., from Madison Ave. to Portland Ave., and on Portland Ave. to Belmont Boulevard. Percy Warner, Nashville, Tenn., is Pres. and Gen. Mgr.

BRISTOL, TENN.—Contracts will probably be let soon for two extensions and a loop in the western section of the city. A line to Virginia Park is also contemplated. F. Dulaney, of this city, is Gen. Mgr.

SCOTTSBURG, IND.—Bids will be received until May 30 by the Cincinnati, Madison & Western Traction Co. for the construction of a railway about 11 miles. J. E. Crosley, Louisville, Ky., is Pres. Noted on March 30.

CHESTERTON, IND.—The Chesterton Town Board has granted a franchise to the Calumet United Ry. Co. an interurban railway connecting Chesterton with East Chicago.

CALEDONIA, MICH.—The Grand Rapids, Hastings & Battle Creek Interurban Ry. Co. of Grand Rapids will build a railway in Lake St. It is stated a franchise has been received. A. C. Bissell, Grand Rapids, is a representative.

OMAHA, NEB.—The contract has been awarded by the Nebraska Transportation Co. of Omaha, for an interurban railroad to run from Omaha through Arlington, Bertha and Walthill to Sioux City, with branches from Elk City to Madison and Norfolk, and from Bertha east to Decatur and west to West Point, about 150 miles. A power house near Elk City, on the Platte River, capable of generating 7,500 HP. two and a half years will be required to complete the road and the cost will be approximately $2,000,000. Noted on Jan. 26.

KANSAS CITY, MO.—The Metropolitan St. Ry. Co. will press reports advise an extension to 18th St. line from Minnesota Ave. to Central Ave., also the Tenth St. line from Thirteenth St. to Quindaro Boulevard. E. Butler, East Grand Ave., Kansas City, Mo., is Engr.

FORT WORTH, TEX.—The Citizens Rd. of Trade has signed a contract granting Stone & Webster a right of way 100 ft. wide for seven miles out of Gleburne and necessary franchises to the city to build the proposed railway from Fort Worth to Gleburne. H. H. Clifford, Fort Worth, Mgr. of the Northern Texas Traction Co., is representing Stone & Webster. 147 Milk St., Boston, Mass., noted on March 30.

SAN ANGELO, TEX.—J. B. Sapp of San Angelo, who recently purchased the electric street railway system here, will make extensive improvements, including the construction of new lines.

ROSLYN, WASH.—The City Council has passed an ordinance granting the Grays Harbor Ry. & Light Co. the right to construct and operate street railways across certain streets here.

ALBANY, ORE.—The Oregon Electric Ry. Co. it is reported, is making a survey north and southwest of Albany for a new road. C. A. Coolidge, Portland, is Gen. Mgr.

CANBY, ORE.—A railway is projected by a new company to connect Canby, Marquam, Needy, Molalla, Meadowbrook and Colton. The Canby Canal Co. is reported to be connected with the project.

BURLINGAME, CAL.—Angel M. Easton has made application to the Bd. of Trustees for a franchise to build, maintain and operate a railway in the town of Easton, which recently became a part of Burlingame, for 50 years. F. J. Rodgers is the Atty.

JACKSON, CAL.—A movement is on foot in Amador County to connect Jackson and the adjacent towns with Sacramento by electric railways. At the May meeting of the Bd. of Supervisors a petition for such a franchise will be applied for.

OAKLAND, CAL.—The Oakland & Bay Shore Ry. Co., allied with the Oakland & Antioch Ry. Co., has filed an application with the Council asking for a franchise for 50 years on Shattuck Ave., at 40th St. and along Shattuck Ave. to 63d St. beyond Bloth Ave. This line will form the connecting link between these lines.

SAN FRANCISCO, CAL.—At a conference of city officials, April 9, it was decided that roadbed and track work should be done by contract, but that the poles will be placed under the direction of the Board of Works. Works Commissioner C. S. Lounsbury has proposed a plan for ornamental poles and parked roadway along the Geary St. road to Point Lobos Ave. The poles are to be set in the middle of the street between the tracks, with brackets carrying the trolley wires. This is a municipal enterprise.

MEAFORD, ONT.—The People's Ry. Co., Berlin, contemplate building a railway here. Application for a franchise will be made soon. A. E. Kribs, Philadelphia, is Ch. Engr.

TORONTO, ONT.—A franchise has been granted to the Toronto Ry. Co. to build a loop in Lenox St., and for an extension to Lansdowne Ave. W. B. Boyd, Toronto, is Ch. Engr.

LIGHT AND POWER PLANTS.

*(*Denotes that this work is advertised in Engineering News.)*

PORTSMOUTH, N. H.—The bids opened on April 1 for hot-water heating system and power plant extensions at the U. S. Navy Yard at Portsmouth were as follows: Noel Constructing Co., Baltimore, Md., $45,149; Evans, Almirall & Co., 281 Water St., New York, N. Y., $41,400; Thomas E. Gildea, 119 West Willow St., Syracuse, N. Y., $40,574; Potter Engineering Co., 1421 Chestnut St., Philadelphia, Pa., $38,470; Walworth Mfg. Co., 132 Federal St., Boston, Mass., $36,599; Newport Constructing & Engineering Co., Shisley Bldg., Newport News, Va., $37,598; J. W. Bamford, Jr., 72 Elliott St., Buffalo, N. Y., $35,874.

AMHERST, MASS.—The Amherst Gas Co. has voted to extend its lighting lines in Hatfield, to add 75 incandescent street lights in

that town, and to extend its gas mains through Hallock St. and through Lincoln Ave., from Amity St. to Northampton Road.

✚WESTFIELD, MASS.—The contract for furnishing the cables for the underground conduit system of the electric light and power system in connection with the Elm St. and Park Square improvements has been awarded to the SAFETY INSULATING WIRE & CABLE CO., of New York, at $11,655, it is stated.

✚AUBURN, N. Y.—The contract for the construction of an electrical subway in East Genesee St. was awarded to BEAVER BROS., Auburn, by the Common Council. Fiber material will be used. The cost will be about $30,000.

✚AUBURN, N. Y.—An extension of five years from Oct. 1, 1911, for lighting the city streets has been granted to the AUBURN LIGHT, HEAT & POWER CO.; also a contract for ten years for ornamental lights in the business section.

KATONAH, N. Y.—The Public Service Comn. has authorized the Katonah Lighting Co. to spend $45,000 for extensions and improvements to plant. The electric lighting service will be extended to the town of Lewisboro, Westchester County.

NEWARK, N. Y.—The bids received on April 5 by Henry H. Stebbins, Pres. of the Board of Managers, New York State Custodial Asylum, at Newark, N. Y., for addition to boiler house at that institution and for two new 150-HP. boilers, were as follows: R. T. Ford Co., Rochester, N. Y., $15,666; Casey & Murray, Rochester, N. Y., $16,135; Schumann & Burcroft, $15,857; Edward Joy, Syracuse, N. Y., $18,198; A. D. Granger Co., New York, N. Y., $17,416; W. B. Armstrong, Albany, N. Y., $18,358. F. B. Ware is State Arch.

SODUS, N. Y.—The Northern Wayne Electric Light & Power Co. has filed articles of incorporation at Lyons and has made application to the Public Service Comn. for permission to issue stock of $75,000 for the purpose of adidtions to the plant to supply power in Sodus, Rose, North Rose, Wolcott, North Wolcott, Butler, Resort, Red Creek, Fair Haven and Sterling.

WATERFORD, N. Y.—The Ford Manufacturing Co. is arranging to install electrical equipments to take the place of steam power.

•WEST POINT, N. Y.—Bids will be received by the Quartermaster until 2 P. M., May 15, for supplying the U. S. Military Academy with fuel, gas, coal and charcoal required during the fiscal year ending June 30, 1912, and for building materials, plumbing materials, gas and steam fittings, hardware, paints, glass, electrical goods, stationery, and other miscellaneous stores specified in schedules to be had upon application to this office.

SYRACUSE, N. Y.—The Syracuse Lighting Co. has asked the Public Service Comn. for permission to issue $470,000 of bonds to enable it to improve its plant and lay about 33,000 ft. of gas pipe. Extensions are planned in Lodi St., from Court to Center Sts., Wolf, from Lodi to North Salina, East Willow, from Townsend to Highland, East Water, from Salina to Almond; Tallman, from Cortland to South Ave.; West Water, from Franklin to South Salina; Montgomery, from East Water to Harrison. Electricity is also to be furnished to the plant of the Solvay Process Co., near Jamesville.

NEW YORK, N. Y.—The Kops Bros., Irving Pl. and 16th St., will install an electric generating plant, including two generator sets of 150 KW. O. E. Goldsmith, 30 West 38th St., New York, is the Consult. Engr.

✚HOBOKEN, N. J.—The contract for the electric and gas fixtures to be installed in the High School at Fourth and Bloomfield Sts. has been awarded to JAEHNIG GAS FIXTURE CO., 221 13th Ave., Newark, N. J., at $5,860. Noted March 30.

PLYMOUTH, PA.—Bids will be received by John Lore, Secy. Town Comrs., Plymouth Township, until April 24, for arc lighting in certain streets for a period of five, seven and ten years.

HARRISBURG, PA.—It is stated that the Central Pennsylvania Traction Co. will purchase new generators and engines with a capacity of 1,000 to 1,500 KW., to be installed at the power house here. J. O'Connell, 12 South Second St., Harrisburg, is Pur. Agt.

✚BALTIMORE, MD.—The contract for the vitrified tile conduit was awarded to THE GREAT EASTERN CLAY CO., New York, N. Y., and for the special duct pipe to the FIBRE CONDUIT CO., Orangeburg, N. Y., they being the lowest bidders respectively on the separate items.

WASHINGTON, D. C.—Bids will be received by C. H. Rudolph Chn. of Bd. of Comrs., Washington, D. C., until April 25, for furnishing two steam engines and two generators to be installed in the McKinley Manual Training School.

ATLANTA, GA.—The Austell Power Co. has recently organized, with a capital of $300,000, to develop water power and to establish a lighting system. The main offices of the company will be located in Atlanta. Napier, Wright & Cox are the Attys. The organizers are C. C. Bruckner, Atlanta.; George W. Mason, Atlanta; and George E. Zimmerman, New York, N. Y.

✚•JACKSONVILLE, FLA.—Bids were opened, April 4, by the Bd. Trus. Waterworks and Improvement Bonds, for furnishing, delivering and installing machinery at the new power station, and the following are the bids received: Boiler Feed Pumps: WARREN STEAM PUMP CO., Warren, Mass., $4,228 (awarded contract); Epping Carpenter Co., Philadelphia, Pa., $3,300; C. H. Wheeler Mfg. Co., Philadelphia, Pa., $5,550; T. T. Birchfield Co., Philadelphia, Pa., $4,890; H. R. Worthington, New York, N. Y. $6,183. Condenser, Pump and Engine: C. H. WHEELER MFG. CO., Philadelphia, Pa., $32,950 (awarded contract); H. R. Worthington, New York, N. Y., $31,191; Alberger Condenser Co., New York, N. Y., $40,755. Feed Water Heater:: WARREN WEBSTER & CO., Camden, N. J., $1,850 (awarded contract); Harrison Safety Boiler Works, Philadelphia, Pa., $2,315. Crane; NILES-BEMENT-POND CO., Philadelphia, Pa., $4,900 (awarded contract); Paulding & Harwick, Milwaukee, Wis., $5,375; Manning, Maxwell & Moore, New York, N. Y., $6,365; Case Crane Co., Columbus, Ohio, $4,671; Toledo Bridge & Crane Co., Toledo, Ohio, 5,175. Two Exciters, two 1,500-KW. Turbines: GENERAL ELECTRIC CO., Schenestady, N. Y., $54,642 (awarded contract); Allis-Chalmers Co., Milwaukee, Wis., $57,930; Westinghouse Co., Pittsburg, Pa., $60,329. New and Old Boilers: BABCOCK & WILCOX CO., New York, N. Y., $39,384 (awarded contract); E. Keeler Co., Williamsport, Pa., new boilers only, $20,186; Casey-Hedges Co., Chattanooga, Tenn., new boilers only, $19,200. B. S. Ellis is Supt. water-works and electric light plant.

LORAIN, OHIO.—Bids will be received at the office of E. Bruell, Clk. of the Bd. of Education, Odd Fellows Block, Ninth St., until 12 noon, May 1, for the furnishing material and labor in the installation of heating and ventilating systems in the High School, Lincoln School and Lowell School buildings. Plans and specifications are on file at the office of E. Bruell and at the office of the Burdett Bros. Co., Engrs., 8506 Lake Ave., N. W., Cleveland, Ohio.

COLUMBUS, OHIO.—J. J. Henry, who represents an Eastern syndicate, has been contemplating the erection of a central electric power station in the Hocking Valley, near Beaumont, and has options on the electric light and power plants at Nelsonville, Logan, Lancaster and other towns in the Hocking Valley, according to reports, and will furnish light and power to all these towns from the proposed central station.

EAST LIVERPOOL, OHIO.—The merger of nine street railway, electric light and heat companies was completed at a meeting held here and the officers who will at once assume control issued a statement in which it is said that the headquarters of the holding concern, the Tri-State Railway & Electric Co., would be located in this city. This company was recently incorporated under the laws of Ohio and is financed by J. G. White & Co., of New York, and the Drexels of Philadelphia. Included in the merger are the Beaver County Light Co., Midland Electric Light & Power Co., the Ohio River Passenger Railway Co., East Liverpool; the East Liverpool Traction & Light Co., Steubenville & East Liverpool Railways & Light Co., Steubenville & Wellsburg Traction Co., Tri-State Traction Co., Steubenville, Wellsburg & Wierton Railway Co., and the Wellsburg Electric Light, Heat & Power Co., Wellsburg, W. Va.

KOKOMO, IND.—The Kokomo, Marion & Western Traction Co. will place contracts for building a new power plant. A 1,000-HP. boilers, stokers, a 200-ft. smokestack, coal-handling apparatus and other equipment will be installed. P. H. Palmer, Kokomo, is Ch. Engr., and George J. Marott, Indianapolis, Ind., is Pres. Noted Feb. 23.

YORKVILLE, ILL.—Bids for a hydro electric power plant will be received at the office of F. W. Simpson, Secy., Yorkville, until noon, May 10, for the construction of a dam across the Fox River at Millhurst, Ill.; for the construction of a power-house with wheel pits and tail races complete for four 210-HP. turbines; four 175-KW. generators with switchboards and instruments complete. Plans and specifications can be seen at the office of F. W. Simpson, Yorkville, Ill., and at H. D. Hallett's, Engr., Aurora, Ill.

CHAPPELL, NEB.—See item under Water Supply-Irrigation.

✚MILWAUKEE, WIS.—The Dept. of Pub. Wks. has awarded the contract for furnishing 63,000 ft. of vitrified clay conduits for the police and fire departments to the GRAND LEDGE CLAY WORKS, Grand Ledge, Mich. Harry E. Briggs is Comr.

MOSINEE, WIS.—The Mosinee Electric Light & Power Co. has effected a permanent organization and will proceed with the construction of an electric light and power plant at once. The capital stock is $25,000. The officers are A. von Berg, Pres.; Arden Paronot, Secy.; J. P. Kanter, Gen. Mgr.

CHIPPEWA FALLS, WIS.—H. M. Byllesby & Co., Chicago, Ill., have taken the option on the new dam and water power at Jim Falls, on Chippewa River, near this city, at $1,500,000, and propose to construct an electrical power transmission line from Jim Falls to St. Paul and Minneapolis, Minn.

SPARTA, WIS.—See item under Miscellaneous Contracts—Signal System, Sparta, Wis.

DES MOINES, IOWA.—Negotiations for the construction of a water-power plant to develop 4,000 HP. were completed in Fort Dodge recently by E. T. Meredith, James R. Martin, Geis Botsford and other Des Moines men. The plant will be built about ten miles south of Fort Dodge on the river. A dam 740 ft. long and 41 ft. high will be built. Transmission lines will run to Lehigh and either Fort Dodge or Webster City. The water will back from twelve to fourteen miles and will overflow about 740 acres of land. The plant complete, with auxiliary steam plant, will cost about $612,000.

HOUSTON, TEX.—Bids will be received until April 21 for a heating system to be installed in the administration building, mechanical laboratory and power-house at the William M. Rice Institute, by Edgar Odell Lovett, Pres., 1110 Scanlan Bldg., Houston. Plans and specifications may be seen at the office of Cam, Goodhue & Fergueson, Archs., Scanlan Bldg.

✚HOUSTON, TEX.—The officers of the William M. Rice institute announced that the contract for the electric installation in the administration building, the mechanical laboratory and power plant of the institute had been awarded to the NEWBERY ELECTRIC CO., St. Louis, for the electrical equipment, at $18,960.

BOLEY, OKLA.—A company is organized to be known as the Boley Light, Power & Mfg. Co. J. O. Williams and J. R. Reynolds, Marshall, Tex.; J. H. McRiley and D. J Turner, this city, are the directors, it is stated.

BOISE, IDAHO.—Bids will be received at the office of the U. S. Reclamation Service, Los Angeles, Cal., until 2 p. m., April 27, for furnishing electrical apparatus for the Boise project, as follows: Three vertical alternating current generators with direct connected exciters, and three 3-phase air-blast transformers, together with controlling switchboard, oil circuit breakers, lightning arresters, disconnecting switches, motor-driven air compressor and all wire, insulators and accessories necessary for the proper installation and operation of this electrical equipment.

✚PHOENIX, ARIZ.—The Governor of the Water Users' Association has awarded the contract for all machinery for the south side power-house of South and Consolidated canals, east of Mesa, to following contractors: the MORGAN SMITH CO., York, Pa., for hydrant turbines, at $16,590, which includes 48 turbine wheels and all the governors, pumps and auxiliary; the GENERAL ELECTRIC CO., contract for electric part of plant which includes two generators and corresponding transformers and switchboard apparatus at $30,000. About four months will be taken to complete and deliver machinery, meantime building will be made ready and necessary short piece of connecting canal completed.

✚SEATTLE, WASH.—The contract for installing cluster lamp standards on Third Ave. has been awarded to R. E. DOWNIE, Seattle.

ELGIN, ORE.—A site for an electric power plant has been secured here on the Wallowa River by a recently organized company known as the McCully-Rumble Power Co. F. D. McCully, Joseph, Ore., and E. W. Rumble, La Grande, Ore., are promoters. The company will supply light and power to local towns. About 1,000 HP. will be developed. J. R. Thompson, Portland, Ore., is Engr.

NEWPORT, ORE.—Henry Hewitt and Seymour H. Bell have purchased the franchise and power plant, formerly owned by the Newport Power Co. About $30,000 will be expended. A new building, new machinery and a new wiring system throughout the city are contemplated. The new company will be known as the Yaquina Electric Co.

ASTORIA, ORE.—The City Surveyor has completed a preliminary survey for the proposed extension to the City Park to be built by the Pacific Light & Power Co. Plans and specifications have been forwarded to the office of the company in Portland.

AUBURN, CAL.—The Board of Supervisors has granted a franchise to the Great Western Power Co. to construct a pole line along the Rocklin-Folsom Road and other roads in the county, for the distribution of electricity for light and power.

✚LOS ANGELES, CAL.—The Bd. of Supervisors, Los Angeles County, has awarded a franchise to the EAGLE ROCK WATER CO. to construct an illuminating system for streets and for commercial lighting.

OAKLAND, CAL.—Plans for improvements estimated to cost $500,000 are about completed by the Oakland Gas, Light & Heat Co. Recently a contract was signed by officers of the company for the installation of a 20,000-HP. of 16,000-KW. turbo-generator. The installation of this generator will require the use of extra boiler power. This will practically double the present capacity of the electric plant of the company. F. A. Leach, Jr., Mgr., of the Oakland Gas, Light & Heat Co., announces that additional machinery will probably be operating by November. About $100,000 will be spent by the company in the extension and improvement of the gas distributing system, and $500,000 for the extension of the electric system the new plant will provide for.

SAN DIEGO, CAL.—The San Diego Gas & Electric Co. has procured a permit to construct a gas holder, 175 ft. long, to consist of four lifts of 140 ft. diam. each, to cost about $125,000. Base will be built of steel and concrete. The capacity will be 2,000,000 cu. ft.

MAGOG, QUE.—The construction of a municipal electric light and power plant is assured by A. Tourigny, Secy. and Treas., it is reported. Estimated cost, $100,000. Pringle & Sons, Montreal, are the Engrs.

KINGSTON, ONT.—Bids will be received until April 25 by Alexander Johnston, Dept. Minister Marine & Fisheries, Ottawa, for maintaining lights on Rideau Canal, between Mud Island and Kingston, for a period of three years.

Bids will be received until April 25 by G. R. Geary, Ch. Bd. of Control, for lightning arresters. Specifications may be seen at the office of Toronto hydro-electric system, City Hall.

BRIDGES.

(✚Denotes a contract awarded.)

BOSTON, MASS.—Bids will be received until April 21 for building a temporary draw at the Dover St. Bridge. Louis K. Rourke is Comn. Pub. Wks.

CAMDEN, N. Y.—The town will build a steel bridge over Fish Creek. Paul Schultze, County Engr., will draw the plans.

TROY, N. Y.—The New York Central & Hudson River R. R. Co. will construct a 3-arch concrete bridge at a cost of $50,000 to replace the temporary pile trestle over the Poestenkill at their Madison freight yard at Troy.

CHESTER, PA.—See item under Electric Railways.

•READING, PA.—Bids will be received by A. L. Rhoades, County Controller, until 10 a. m., April 26, for the erection of two reinforced concrete bridges in Berks County, Pa., as follows: Bordners Bridge No. 1, over Tulpehocken Creek, about seven miles from Robesonia, Pa., and Bordners Bridge No. 2, over the Tulpehocken Creek from Myerstown, Pa. Plans and specifications can be had at the office of the Commissioners.

✚YARDLEY, PA.—We are advised that the contract for the concrete arch bridge over the Delaware at Yardley was awarded, on April 5, to F. M. TALBOT CO., 1 Madison Ave., New York, N. Y. The estimated cost of the structure is $500,000. Noted on March 30.

•EASTON, PA.—We are advised that bids for constructing a reinforced concrete bridge with one 100-ft. arch and two 75-ft. spans, and an approximate approach, were received on April 18 by the Board of Commissioners of Northampton County. The bidders were: Smith & McCormick, Easton, $98,000; Concrete Co., Harristown, $120,000; Whiting, Moddleton Co., Bangor, Me., $116,250; Nelson Merydith Co., Harrisburg, Pa., $124,000. Noted on April 6.

RICHMOND, VA.—Bids will be received by P. St. J. Wilson, State Highway Commissioner, noon, April 26, for constructing a reinforced concrete bridge over the Slate River, in Buckingham County, and a 119-ft. bridge over South Anna River, in Hanover County. Plans may be secured from the Chief Engr., Richmond, Va.

YORKVILLE, S. C.—Bids will be received by Thomas W. Boyd, County Supervisor, until 11 a. m., April 21, for constructing a 750-ft. steel bridge across Crowdier's Creek, 5 miles east of Clover, S. C.

JACKSONVILLE, FLA.—The Commissioners of Duval and Nassau Counties have decided to construct a bridge over the St. Johns River, at a cost of $10,000.

ELIZABETHTOWN, KY.—Bids will be received by W. C. Montgomery and Chas. F. Taylor, Comrs., until April 26, for constructing a bridge 250 ft. long over the Salt River. The estimated cost is $50,000.

BELLEFONTAINE, OHIO.—Plans are being prepared for the construction of a steel bridge over Bluejacket River on Main St. John R. Fawcett is City Clk.

CINCINNATI, OHIO.—F. H. Shipley, City Engr., has estimated the cost of constructing the foundations and substructure of the Gilbert Ave. viaduct, at $71,500.

CLEVELAND, OHIO.—We are officially advised that bids will be received until April 29 for constructing the Dunham Road viaduct. The estimated cost of the superstructure is $61,813, of the superstructure, $33,250. A. M. Felgate is Bridge Engr. of Cuyahoga County.

✚COLUMBUS, OHIO.—The County Commissioners have awarded the contract to construct the approaches to Eberly bridge over Alum Creek to H. E. BARTHMAN, Columbus, Ohio. The work includes 27,351 cu. yds. of fill and 2,866 tons of broken limestone.

✚COLUMBUS, OHIO.—The Board of County Commissioners has awarded the contract for the construction of the superstructure of the Wilson bridge to the MT. VERNON BRIDGE CO., Mt. Vernon, Ohio.

✚GERMANTOWN, OHIO.—We are officially advised that the contract for constructing a bridge over Little Twin Creek was awarded on April 11 to CHARLES BIRD, Springfield, Ohio, at $6,295.

NEWARK, OHIO.—We are officially advised that all bids were rejected by the Commissioners of Licking County on April 12 for the following bridge work: Constructing the superstructure of the Carter bridge over the South fork of Licking River in Lima Township; the superstructure for the same bridge; reinforced concrete arch over Dutch fork in Licking Township; reinforced concrete arch over Quarry run in Licking Township; reconstructing the substructure of the Alfred Wells bridge in Union Township; reconstructing the substructure and erecting the superstructure over a branch of Lake fork in Washington Township; constructing the substructure for the McFadden bridge over a branch of Clear fork in McKean Township. New bids will be received until May 10. F. T. Mercer is Deputy Audr.

NORWALK, OHIO.—Bids will be received by the Board of County Commissioners until April 24 for constructing the substructure of the Garrett bridge and two concrete abutments.

BLOOMFIELD, IND.—Bids will be received by the Commissioners of Green County until 2 p. m., May 1, for the construction of three bridges of 70, 60 and 40-ft. spans, respectively. C. H. Jennings is County Audr.

DECATUR, IND.—Bids will be received by the Commissioners of Adams County until 10 a. m., May 2, for the construction of four bridges and six arches, and the repair of three bridges. H. S. Michaud is County Audr.

✚PETERSBURG, IND.—HARLEY KINMAN, Petersburg, has been awarded a contract for the construction and repair of 26 bridges in Warrick County, and for the construction and repair of eleven bridges in Spencer County.

SHELBYVILLE, IND.—Bids will be received by the Commissioners of Shelby County until 10 a. m., May 8, for the construction of a bridge in Sugrar Creek Township, and for the construction of concrete abutments and the repair of the St. Paul bridge. G. B. Huntington is County Audr.

GUTHRIE CENTER, IOWA.—Bids will be received until April 26 by the Commissioners of Guthrie County for constructing a 100-ft. reinforced-concrete deck girder bridge.

ESTHERVILLE, IOWA.—Bids will be received by the Board of Supervisors of Emmet County until noon, April 26, for constructing several reinforced-concrete steel bridges, according to plans and specifications on file with C. A. Root, County Audr.

MASON CITY, IOWA.—Bids will be received by the Board of Supervisors of Cerro Gordo County, until 2 p. m., April [illegible] for bridge construction as follows: Two con-

crete slab bridges; one 50-ft. concrete arch bridge; one 42-ft. girder bridge; two steel bridges, alternate designs for concrete. A. S. Clar... County Audr.

TOPEKA, KAN.—Bids will be received by the Board of Commissioners of Shawnee County at the office of the County Clerk until noon April 28, for furnishing and erecting two-span 140-ft., center to center, steel bridge across the Kansas River near Valley, Kansas, according to plans and specifications on file in the office of S. G. Zimmerman, County Clk.

ELDORADO, KAN.—Bids will be received by the Commissioners of Butler County some time in April for the construction of a double span concrete bridge near Whitewater. C. W. Brook is County Surv.

✚KANSAS CITY, KAN.—We are officially advised that the contract for repairing the Fifth Street bridge over Kansas River was awarded April 10 to the WESTERN BRIDGE Co., at $9,400. The other bidders were: E. Harper, $10,250; Missouri Bridge & Iron Co., $11,421; Midland Bridge Co., $12,... Missouri Valley Bridge & Iron Co., $13,... Illinois Steel Bridge Co., $16,... Kansas City Bridge Co., $14,700; A. M. Bissett Construction Co., $14,500. Noted on April 6.

✚PROSSER, WASH.—We are officially advised that the contract for constructing a steel bridge and abutments was awarded on April 14 to the SECURITY BRIDGE CO., Minneapolis, Minn., to cost $23,075. The other bidders were: O. H. Stratton, $23,600; Minneapolis Steel & Machinery Co., $25,725; Washington Engineering Co., $26,... International Contract Co., $23,824. Noted on March 30.

SACRAMENTO, CAL.—The County Surveyor has been instructed to prepare plans for the construction of a bridge over the American River, to cost $30,000.

✚OWEN SOUND, ONT.—We are officially advised that bids for constructing a reinforced-concrete arch bridge, steel superstructure span 53 ft., width 40 ft. at Ninth St., and a reinforced-concrete arch bridge, steel superstructure, span 66 ft., width 66 ft. at Tenth St., have been received as follows: Corbett Machine Works, Ninth St. bridge, $13,500; Tenth St. bridge, $18,000; CLARKE & GREEN, $9,324, $17,351 (awarded contract on Tenth St. bridge); Grier & Lethbridge, $10,807, $16,775; J. Walker, $8,917. $16,850. Noted on March 30.

DAUPHIN, MAN.—Bids will be received by J. W. Johnston, Secy.-Treas., until noon, May 6, for constructing two 70-ft. steel bridges over the Vermillion River at Dauphin. Copies of the specification may be obtained from the Chief Engineer, Department Public Works, Parliament Bldgs., Winnipeg, Man.

BUILDINGS.

*(*Denotes that this work is advertised in Engineering News.)*

*RICHFORD, VT.—Bids will be received by James Knox Taylor, Superv. Arch., Treasury Dept., Washington, D. C., until May 27, for the construction, complete (including plumbing, gas piping, heating apparatus, electric conduits and wiring), of the U. S. post-office and custom-house at Richford, Vt. Drawings and specification may be obtained from the Custodian of site at Richford, Vt., or at the discretion of the Superv. Arch.

✚BOSTON, MASS.—The contract has been awarded to A. VARNERIN, INC., at $108,729 for the construction of a schoolhouse in Phillips Brooks District. Other bidders were: Whiton & Haynes Co., $110,300; John F. Griffin Co., $110,350; J. E. Locatelli Co., $114,651; Wm. Crane, $118,611; Water Co., $118,787; McGahey & O'Connor, $120,597; Conners Bros., $126,105. W. F. Kearns, $129,474.

BOSTON, MASS.—Bids will be received until April 28 for the construction of the George T. Angell Elementary School, Roxbury Dist. Charles Logue is Chmn. School House Com.

SPRINGFIELD, MASS.—Plans have been prepared by Frank W. S. King for the erection of a church, to be constructed of granite for the Faith Church congregation. The Rev. Dr. Frank W. Merrick is rector. The estimated cost is $70,000.

DERBY, CONN.—L. W. Robinson, 324 Exchange Bldg., New Haven, is preparing plans for a large addition to the high school here. The special committee in charge consists of C. H. Nettleton, Dr. E. O'R. Maguire and H. T. Waters.

✚GREENWICH, CONN.—F. ST. GEORGE SMITH, Greenwich, Conn., has been awarded the contract for the erection of a residence and garage on Putnam Ave. for E. H. Mulford, 110 Lafayette St., New York. The plans are by Rowe & Keyes, 161 Devonshire St., Boston, and require a building of wood and stucco, 100 × 40 ft., with tile roof, to cost about $50,000.

✚HARTFORD, CONN.—R. F. JONES, Hartford, has been awarded the contract for a residence on Prospect St. for A. H. Pease. It will be of brick, 50 × 100 ft., with limestone trim. La Farge & Morris, New York City, are the Archs.

NEW BRITAIN, CONN.—Bids are now being received from plans by Arch. W. P. Crabtree for an addition to the High School on South Main St. The additions will be three stories high and fireproof, one 66 × 106 ft. and one 82 × 182 ft., of light pressed brick with limestone trim and granite sills and steps.

Unkebach & Perry have completed plans for a new clubhouse to be erected on Arch St. for the New Britain Turner Society. It will be a brick building, 50 × 175 ft., four stories high, with velvet brick front and terra cotta trim.

✚NEW HAVEN, CONN.—V. J. HEDDEN & SONS, 1 Madison Ave., New York, general contractors for the construction of the new Taft Hotel at Chapel and College Sts., have awarded the sub-contract for the carpenter work to JOHN RONZOR, 71 South Wyandot St., Dayton, Ohio.

NEW LONDON, CONN.—Dudley St. Clair Donnelly is preparing plans for a 3-story, fireproof brick and reinforced-concrete storage building, 68 × 50 ft., for B. B. Gardner, on Blackhall St.

SOUTH MANCHESTER, CONN.—Plans for the new building to be erected at Main and East Center Sts. for King David Lodge, I. O. O. F., are being prepared by Archs. E. N. & R. E. Spaulding, Suffield, Conn. The building will be of brick, fireproof construction, two stories high and 60 × 100 ft. William L. Buckland, Manchester, is Chn. of Building Committee.

STAMFORD, CONN.—O. E. Horn & Sons, 1146 Broadway, New York, are preparing plans for a new theater on Bank St. for Benjamin Harris. The building will be about 75 × 130 ft., of brick and stone, with a seating capacity of 1,500, and will cost about $60,000.

✚The contract for the construction of a new church for the First Church of Christ Scientist on Prospect St. has been awarded to the V. J. HEDDEN CONSTRUCTION CO., 1 Madison Ave., New York.

NEW YORK, N. Y.—The estate of Hugh J. Grant will erect a 7-story cold storage warehouse, 40 × 83.4 ft., on the south side of Gansevoort St., 186 ft. east of West St. Plans filed by J. G. Glover, Arch., place the cost at $55,000.

The Pine Hill Crystal Spring Co. will erect a 14-story stable, 74 × 100 ft., on the southwest corner of Tenth Ave. and 36th St. Plans have been filed by G. F. Pelham, 507 Fifth Ave. The estimated cost is $50,000.

Plans have been filed by Edward J. Byrne, 3029 Third Ave., for the construction of a 4-story building, 50 × 87.8 ft., at 186th St. The estimated cost is $45,000.

An 8-story building for automobile makers will be constructed at 64th St. and West End Ave. The site has already been purchased from L. Ottinger by the Van Wert Co. The Libman Contracting Co., 1968 Broadway, will erect the 8-story and basement building from plans prepared by Nats & Springsteen. A powerful air compressor in the basement will provide compressed air to tenants for pumping tires and cleaning cars. Gasoline tanks for each tenant will be on the ground floor close to a large pump room.

Plans have been filed by Moore & Landsiedel, 149th St. and Third Ave., for the construction of a 6-story flat, 92.6 × 90 ft., on the southeast corner of Northern Ave. and 179th St., for the Birch Realty Co. The estimated cost is $150,000.

A site, 150 × 100 ft., has been purchased by Maximilian Zipkes, Arch., 103 Park Ave., on the east side of Claremont Ave., 100 ft. south of 125th St. He has organized a new company which will erect a 6-story elevator apartment house. The estimated cost is $450,000.

Plans are being prepared by Harry T. Howell, Willis Ave. and 149th St., for the construction of a 5-story flat building to be erected on the southeast corner of Home and Simpson Sts. in the Bronx, by the J. & H. Schmodt Construction Co. The estimated cost is $50,000.

Plans have been filed for the construction of a 12-story loft building on the north side of 26th St., 144 ft. east of Seventh Ave. The Fabian Construction Co., 3852 Broadway, is the owner. The estimated cost is $450,000.

Plans have been filed by Thomas W. Lamb, 501 Fifth Ave., for construction of a 7-story theatre and store building at the southwest corner of East Houston and Christie Sts., for the Minsky Realty Co. The estimated cost is $250,000.

The estate of Joseph Larocque has been leased by Pease & Elliman, 156 Broadway, to P. W. French & Co., 6 East 56th St., for 21 years. The building, to be erected for their exclusive occupancy, will contain galleries for the exhibition of tapestries and works of art. The building will be of special fireproof construction and contain burglar-proof vaults.

Plans have been filed by Crow, Lewis & Wickenhoefer, 200 Fifth Ave., for the construction of four additional stories to the Sloane Maternity Hospital, on the northeast corner of Amsterdam Ave. and 59th St. The trustees of Columbia College are the owners. The estimated cost is $60,000.

The Jerry McAuley Mission, 316 Water St., will raze the present building and in its place erect a modern mission containing chapel, dormitories, etc. The estimated cost is $100,000. John H. Wyburn is Supt.

A 12-story-loft building will be erected by Brody, Adler & Kock, 132 Nassau St., on the south side of 17th St., 220 ft. west of Fifth Ave. Schwartz & Gross, 347 Fifth Ave., are the Archs. The estimated cost is $150,000.

The White Automobile Co., 205 West End Ave., will erect a large fireproof automobile garage on the north side of 57th St., between Eleventh and Twelfth Aves. Plans have been prepared by Clinton J. Warren, 294 Washington St., Boston, Mass.

Plans have been prepared by Freeman & Hasselman, 39 West 38th St., for the erection of the Lambs Club at 132-134 West 44th St. A 12-story structure, fireproof, with an exterior of light limestone marble and terra cotta, is proposed. The probable cost is $350,000.

✚The contract has been awarded to GEORGE VASSAR'S SON & CO., 1170 Broadway, for the construction of a residence for S. R. Bertron at 14 East 76th St. The cost is about $100,000.

Plans have been prepared by Schwartz & Gross, 347 Fifth Ave., for the construction of an apartment house at the southwest corner of Central Park West and 87th St. Bing & Bing, 505 Fifth Ave., are the owners.

Plans are being prepared by Moore & Landsiedel, 148th St. and Third Ave., for the construction of a 5-story tenement building to be erected on the east side of Eagle Ave., north of Westchester Ave., in the Bronx. The G. Evans Construction Co. is the owner. The estimated cost is $50,000.

Harry T. Howell, 149th St. and Third Ave., is preparing plans for the construction of a building on the north side of 149th St., west of Melrose Ave., for the Bronx National Bank, 149th St. and Bergen Ave.

✚The general contract has been awarded to E. E. PAUL CO., 1 Madison Ave., for the construction of a 4-story, fireproof memorial home for girls, to be erected at Christopher St. and Waverly Pl. J. Duke Harrison, 23 East 27th St., prepared the plans.

Plans have been prepared by Robert E. La Velle, Southern Boulevard and Freeman St., for the construction of three 5-story tenement buildings to be erected on the east side of Vermilyea Ave., 100 ft. north of Emerson St. The estimated cost is $180,000. The Allen Construction Co., 1282 Southern Boulevard, is the owner.

NEW YORK, N. Y.—The following bids have been received by the Dept. of Education for the construction of Public School 47: T. A. Clark Co., Briggs Ave. and 196th St., New York, $253,300; Paul J. Exner, $261,800; Chas. H. Peckworth, $259,440; George Hilderbrand, $268,773; Thos. McKeon, Inc., $271,333; Richard E. Henningham, $266,684; James McArthur, $315,000; H. C. Stowe Construction Co., $256,300; Peter Cleary, $267,000.

Plans are being prepared by Clinton & Russell, 32 Nassau St., for the extension of the 17-story building of the American Exchange National Bank over the adjoining plot at 132 Broadway.

NEW YORK, N. Y.—The Twenty-Fifth Construction Co., 31 East 27th St., has filed plans for the erection of a 12-story store and loft building at 29th St., east of Seventh Ave. The estimated cost is $250,000.

NEW YORK, N. Y.—A 3-story theatre will be erected on the southeast corner of Wadsworth Ave. and 181st St., by G. L. Lawrence. The estimated cost is $50,000.

The Birch Realty Co. will build 6-story flats, 92.6x90 ft., on the northeast corner of Northern Ave. and 178th St., from plans filed by Architects Moore & Landsiedel, 148th St. and Third Ave.

Otto Strach, 218 East 23d St., will enlarge the 9-story loft building on the south side of 23d St., east of Third Ave. The extension will be nine stories high. The estimated cost is $100,000.

NEW YORK, N. Y.—Bids will be received by the Department of Education, 59th St. and Park Ave., New York, will receive bids until May 1, for the general construction, etc., of new Public School 40, on the southerly corner of Pacific and Union Hall Sts., Jamaica, Boro. of Queens.

*FORT TOTTEN, N. Y.—Bids will be received in triplicate until May 8 by the Constructing Q. M., U. S. A., for the construction of an addition to the post hospital (including plumbing, heating, electric wiring, fixtures, etc.). For further details see advertisement.

UTICA, N. Y.—Ford S. Anderson, Manager and Lessee of the Orpheum Theater, Lafayette St., announces that the building will be remodeled and enlarged at a cost of between $65,000 and $70,000. E. C. Horn's Sons, New York City, are preparing plans.

✚ROCHESTER, N. Y.—A. W. HOPEMAN & SONS CO., 569 Lyell Ave., have been awarded general contract for construction of School No. 20 on Oakman St., 195 × 120 ft., to be three stories. Plans prepared by J. Foster Warner, Granite Bldg. The estimated cost is $160,000.

SCHENECTADY, N. Y.—The Common Council has passed an ordinance appropriating $114,000 for a high school. This represents the cost exclusive of the heating and ventilating systems.

SYRACUSE, N. Y.—Esenwein & Johnson, 777 Ellicott Square Bldg., Buffalo, are completing plans for a 7-story and basement store and office building to be erected on South Salina St. by Isaac Rosenbloom. The estimated cost is $125,000.

ALBANY, N. Y.—According to press reports a conference of commercial bodies throughout the state interested in the Barge Canal and its proposed terminals, organized under the auspices of the New York Board of Trade and Transportation about a month ago, held its first session on April 13 and agreed on a bill which will soon be presented to the legislature. In this measure the expenditure of $18,600,000 for terminal purposes is provided for.

MIDDLETOWN, N. Y.—Preliminary plans are being prepared by Carrere & Hastings, 225 Fifth Ave., for the construction of a brick and stone edifice for the Westminster Presbyterian congregation. The Rev. E. Van Dyke Wright, 54 East Main St., is pastor. The probable cost is $80,000.

✚OSWEGO, N. Y.—THE AMSTERDAM BUILDING CO., 43 West 27th St., has been awarded the general contract for the erection of the proposed Oswego Hotel for the Oswego Hotel Corporation. The probable cost is $175,000. The structure will be four stories high with reinforced-concrete floors and columns with an exterior of hollow tile and stucco.

ROCHESTER, N. Y.—A 7-story stone and steel fireproof office building will be erected at State St. by the Eastman Kodak Co., George Eastman, Pres., 343 State St. The owner has prepared the plans and will receive bids in May.

✚SCHENECTADY, N. Y.—The contract has been awarded to BROWN & LOWE, Schenectady, at $197,000 for the construction of the proposed high school annex building.

✚EAST ORANGE, N. J.—The contract has been awarded to ABEL BOTTOMS & SONS, 41 South 15th St., Philadelphia, Pa., at $86,727 for the construction of a public school building.

FORT SMITH, ARK.—We are officially advised that the city will spend $100,000 in the next year or two for improvements to the water plant recently acquired.

†BROWNSVILLE, TEX.—The contract has been awarded by the city to J. C. DEBRUIN, of Brownsville, for installing a filtration plant with a daily capacity of 1,000,000 gallons. Estimated cost, $10,000.

EASTLAND, TEX.—The city is considering the construction of a water-works system. Bonds for $13,000 have been issued.

†FORT SAM HOUSTON, TEX.—The contract has been awarded to the A. J. LOCKETT & CO., New Orleans, La., for furnishing one 1,000,000-gallon Worthington triple-expansion pumping engine, at $9,169.

†GALVESTON, TEX.—Bids were received on April 3 as follows by the Board of City Commissioners for furnishing material and constructing a water main along the Causeway, from Virginia Point to Galveston Island, requiring about 10,766 lin. ft. of 30-in. c.-i. pipe: ISAAC HEFFRON, Galveston, $66,389, and $6.16 per lin. ft. for any extra 36-in. pipe needed (awarded contract); A. M. Blodgett Construction Co., $70,652 and $6.50; Kelso & Vautrin, Galveston, $72,024 and $7.25; A. L. Patterson, New Orleans, La., $85,051 and $7.90. A. T. Dickey is City Engr.

TULIA, TEX.—The citizens have voted $25,000 of bonds for the construction of a water-works system and an electric light plant.

FORT WORTH, TEX.—We are officially advised that the Board of Engineers for the Water Supply will soon have plans and specifications ready for a dam for an impounding reservoir across the Trinity River, a conduit pipe line of some six miles in length, and a filter plant of from 5,000,000 to 6,000,000 gallons daily capacity, the total cost of which, including lands, will be approximately $1,000,000.

BARTLESVILLE, OKLA.—The city is considering the construction of a system of water-works. Estimated cost, $200,000.

BRAGGS, OKLA.—Winters & Dove, 810 First National Bank Bldg., Fort Smith, Ark., are preparing plans for the construction of a water-works system for Braggs. The election to vote the necessary bonds will be held at an early date.

CORWETA, OKLA.—Winters & Dove, 819 First National Bank Bldg., Fort Smith, Ark., have finished the necessary surveys and are now preparing plans for a water-works extension. The work will include two miles of pipe line, an auxiliary pumping plant and other improvements.

HELENA, OKLA.—The water-works will be extended. Bonds for $10,000 have been voted to carry on the work.

McALESTER, OKLA.—The city is considering the construction of an auxiliary water supply. Estimated cost, $80,000. W. P. Halliday is City Engr.

†YALE, OKLA.—The contract has been awarded to the W. C. SWANWICK CO., of Joplin, Mo., for the installation of water-works. Bonds for $25,000 have been voted.

FORT LUPTON, COLO.—The citizens, on April 4, voted to issue $25,000 of bonds to install a system of water-works.

GUNNISON, COLO.—On April 4 the citizens voted to issue $90,000 of bonds for the construction of a water system, $70,000 to be issued at once. Burns & McDonnell, Scarritt Bldg., Kansas City, Mo., are Engrs.

NORWOOD, COLO.—On April 4 the citizens voted in favor of issuing $12,000 of bonds for the installation of a water-works system.

OLATHE, COLO.—The citizens have voted $50,000 of bonds for the installation of a municipal water system.

BOISE, IDAHO.—Bids will be received until 2 p. m., April 26, by the United States Reclamation Service, Los Angeles, Cal., for furnishing hydraulic turbines for the Boise project, Idaho.

Bids will be received as above until 2 p. m., May 4, for furnishing about 1,850 tons of steel rails for the Boise project, Idaho.

†TACOMA, WASH.—The contract has been awarded to GEORGE P. WRIGHT, Tacoma, for laying 37 miles of wooden pipe and about 9,000 ft. of steel pipe in connection with the new Green River gravity water system for Tacoma, at $736,751. Noted on April 13.

†FALLS CITY, ORE.—We are officially advised that bids have been received as follows by the City Council for the construction of the municipal water-works: JAHN CONTRACTING CO., Portland, Ore., $21,690 (awarded contract); H. Venske, Cottage Grove, Ore., $23,524; K. Swansett, Corvallis, Ore., $25,382; Moffatt & Parker, Oregon City, Ore., $24,290.

SALEM, ORE.—George H. Sutherlin, of Walla Walla, Wash., it is reported, has submitted the lowest bid for laying a water pipe line to the new Eastern Oregon Branch Insane Hospital from the nearest connection with the Pendleton water lines.

†PORTLAND, ORE.—We are officially advised that the contract has been awarded by the Water Board to the CRANE CO. for about 1,800 ft. of 12-in. and 2,700 ft. of 10-in. lap-welded steel pipe and appurtenances, at $8,186. D. D. Clarke is Ch. Engr. Bd.

DRAIN, ORE.—The citizens have voted $20,000 of bonds, $15,000 to be spent for water-works and $5,000 for sewers.

SAN FRANCISCO, CAL.—The city will ask for bids for laying a pipe line to supply water for Lincoln Park. Marsden Manson is City Engr.

SAN FRANCISCO, CAL.—We are officially advised that all bids submitted to the city for reinforced-concrete intake tunnel for pumping station have been rejected. The lowest bid was $60,000. Engineer's estimate, $45,500. Marsden Manson is City Engr.

†SUISUN, CAL.—The contract has been awarded to W. B. CONNELLY, of Suisun, for raising the dam of the municipal water system reservoir a distance of 12 ft., whereby it is planned to increase the storage capacity of the lake to 25,000,000 gallons of water.

VALLEJO, CAL.—The contract has been awarded by the city to BRAUN, WILLIAMS & RUSSELL for laying the pipe line from Fleming Hill reservoir to Georgia St., and from Georgia St. to South Vallejo, at $6,041, the lowest of the eight bids submitted. Other bidders were: H. Gould, $10,288; Duncanson-Harrellson Co., $8,434; Moreing & Fitzpatrick, $8,866; William Heafey, $6,393.

PLEASANTON, CAL.—Bids will be received until 7.30 p. m., April 24, by J. H. Neal, Town Clk., for furnishing materials and performing all labor in connection with removing and replacing water mains.

SEBASTAPOL, CAL.—Bids will be received by John S. Saunders, Clk. Bd. of Trustees, until 8 p. m., May 1, for one year's supply of disc water meters.

TORONTO, ONT.—Bids will be received by G. R. Geary, Mayor and Chn. Bd. of Control, until noon, April 25, for the supply of a priming equipment for centrifugal pumps at the filtration plant. C. H. Rust is City Engr.

REGINA, SASK.—Bids will be received until April 30 by the City Commissioners, John Marshall, Ch. Engr., for the supply of one 1,000,000-gallon per 24-hour capacity pump and motor, switchboard and apparatus.

REGINA, SASK.—Bids will be received until noon, April 26, by the City Commissioners for supplying about 900 tons of 18-in. c.-i. pipe and 150 tons of 6-in. c.-i. pipe. L. A. Thornton is City Engr.

SEWERS.

(*Denotes that this work is advertised in Engineering News.)

†NORTHAMPTON, MASS.—The contract for furnishing sewer pipe to the city for the coming year has been awarded to W. H. RILEY & CO., Boston, Mass., at their bid of 81.5% off the list price, by the Sewer Commission.

PUTNAM, CONN.—Bids will be received by the Highway Committee, Archibald Macdonald, Chn., until 4 p. m., April 21, for the construction of Sewer Contract No. 7, consisting of approximately 940 ft. 15-in., 1,230 ft. 12-in., 1,850 ft. 10-in. and 5,300 ft. of 8-in. pipe. Geo. W. Perry, Putnam, is Engr.

NEW YORK, N. Y.—Bids will be received by the Board of Trustees of the College of the City of New York until April 27 for the work of excavating a sub-drainage tunnel from Amsterdam Ave. underneath the college grounds along the line of 139th St. and across St. Nicholas Park to a connection with the sewer in St. Nicholas Ave., Borough of Manhattan, the City of New York. Plans and specifications may be obtained from George B. Post, 347 Fifth Ave., New York.

The following bids were received on April 13 by the Public Charities, New York, for furnishing all the labor and materials required for the construction of sewers and sewage disposal plant for the Sea View Hospital at the New York City Farm Colony, Borough of Richmond, New York: Delaney Roberts, $16,600; P. P. Farley, $14,725; Bond & McNally, $14,267; Jos. Johnson, $19,880; J. J. Hagerty, $15,100; Frazer-Brazen Co., $19,925; J. M. Heanney, $17,512; Luke A. Burke, 25 West 42d St., New York City, $13,740; T. A. Quinlan, $14,960; F. N. Lewis, $18,350; N. Y. Sewerage Disposal Works, $17,649.

NEWARK, N. J.—Bids will be received by the Board of Street and Water Commissioners until April 27 for installing the following sewers: 12-in. pipe sewer in Wheeler Point Rd., together with an 8-in. branch sewer in Malvern St.; an 8-in. pipe sewer in Stuyvesant Ave., and a 10-in. pipe sewer in Madison Ave.

*SOUTH ORANGE, N. J.—Bids have been received as follows by the Township Committee, South Orange, on April 11 for the construction of sewers for Hilton Dist.: J. J. Fusco, Montclair, N. J., $18,246 (awarded contract); Antonio Costa, Orange, N. J., $20,734; H. Spinach Construction Co., Waterbury, Conn., $21,511; Martin & Miller, Roselle Park, N. J., $22,471; Chas. Ippolito, Orange, N. J., $23,287; Pas. Cestone, Montclair, N. J., $23,803; J. F. Callahan, Elizabeth, N. J., $25,407; John Dorer, Irvington, N. Y., $28,108; Mason Hilton & Co., New York, N. Y., $31,951; Pas. Mauriello, Orange, N. J., $32,984.

MASONTOWN, PA.—Chester & Fleming, Consult. Engrs., Union Bank Bldg., Pittsburg, Pa., are preparing plans for a sewage disposal plant for the Borough of Masontown, Pa., in connection with Mr. E. C. Baker, City Engr.

ROCKHILL, S. C.—Bids will be received until April 2 by the Sewerage Commission for the construction of sewers. E. L. Barnes is Secy.

CANTON, OHIO.—Bids will be received until April 20 for the construction of a sanitary sewer and paving in two streets. Warren L. Barr is Clk.

COLUMBUS, OHIO.—Resolutions have been adopted by the City Council determining to proceed with the construction of a sewer in Maynard Ave., from Summit St. to the alley west of Fourth St., a sewer in the alley west of Neil Ave., from Tompkins St. to the alley north of Blake Ave., and a sewer in Seventh St., from Markinson Ave. to the alley north of Morrill Ave.

DAYTON, OHIO.—Bids will be received until April 21 by the Dept. of Public Service for the construction of sewers in Riverdale and Lakeview Aves. F. J. Cellarius is City Engr.

ELYRIA, OHIO.—Bids will be received until noon, May 8, for the construction of sanitary sewers. The probable cost is $27,000. C. S. Buth is Engr.

GENEVA, OHIO.—Bids will be received by W. E. Morgan, Village Clk., until April 28 for the construction of storm sewers. Cummings & Downer, Painesville, Ohio, are Engrs.

SPRINGFIELD, OHIO.—Bids will be received by the Board of Public Service at the office of W. H. Mahoney, 5 City Bldg., until noon, April 20, for the construction of sewers.

*KOKOMO, IND.—Bids will be received by the Board of Public Works of Kokomo, Ind., until noon, May 1, for the construction of an intercepting sewer, siphons, overflows and connections from 10 to 48 ins. in diameter, about 12,935 ft. long. Plans and specifications may be seen at the office of the Board of Public Wks. Ben. Havens is Clk.

DETROIT, MICH.—The Common Council of the City of Detroit at their meeting of April 11, directed the Department of Public Works, J. J. Haarer, Comr., 104 City Hall, to advertise for bids for constructing the following lateral sewers: Lateral sewer No. 2171, in alleys in block bounded by Cameron, Cardoni, Holbrook and Westminster Sts., estimated cost per lin. ft., $1.30; Lateral sewer No. 2203, in alley in block bounded by Beechwood, Firwood, Larchmont and Seebaldt Sts., estimated cost per lin. ft., $1.40. Lateral sewer No. 2204, in alley in block bounded by Beechwood, Firwood, Sebaldt and Allendale Sts., estimated cost per lin. ft., $1.40; Lateral sewer No. 2205, in alley in block bounded by Mullane, Springwells, Navy and Senator Aves., estimated cost per lin. ft., $1.25; Lateral sewer No. 2206, in alley in block bounded by Railroad Ave., Harbaugh Ave., north of Cedar St., estimated cost per lin ft., $1.80; Lateral sewer No. 2208, in alley in block bounded by Stone, Dearborn and Woodmere Sts., estimated cost per lin. ft., $1.40; Lateral sewer No. 2210, in alley in block bounded by Stephens, Chippewa, Mack and Sylvester Sts., estimated cost per lin. ft., $1.50; Lateral sewer No. 2211, in alley in block bounded by Drexel, Coplin, Jefferson and Kercheval Aves., estimated cost per lin. ft., $1.50; Lateral sewer No. 2212, in alleys in block bounded by Iroquois, Burns, Kercheval and Waterloo Sts., estimated cost per lin. ft., $1.60.

†*FREEPORT, ILL.—Bids were received as follows by the Board of Local Improvements on April 14 for the construction of two sanitary sewer systems: J. W. TURNER IMPRVEMENT CO., 309 Youngerman Bldg., Des Moines, Iowa, $29,979 (awarded contract); John Grogan, Green Bay, Wis., $31,558; Gund Graham Co., Freeport, Ill., $31,599; Kenety & Lee, Dubuque, Iowa, $31,587; A. C. Schleiter, Monnotowa, Wis., $31,655; Keys & McNamara, Dubuque, Iowa, $32,298; M. C. Camery, Harlan, Iowa, $34,228. East Freeport sewer, F. E. KANISINSKI, Watertown, Wis., $14,967 (awarded contract); J. W. Turner Improvement Co., Des Moines, Iowa, $16,198.

KENOSHA, WIS.—Bids will be received by the Street Assessment Committee until April 21 for the installation of about 925 ft. of 12-in. pipe sewer.

RACINE, WIS.—Bids will be received by the Board of Public Works until April 29 for constructing a sewer in Forest St. P. H. Connolly is City Engr.

†SHEBOYGAN, WIS.—The Board of Public Works awarded contracts for sewer construction as follows: Wisconsin Ave., A. VOWINKEL, Sheboygan, at 74 cts. per lin. ft. and $34 for manholes; North Fifth St., HUEBNER & CO., Sheboygan, at 70 cts. per lin. ft. and $37 for manholes; North Fifth St., north of Huron St., A. VOWINKEL, at 69 cts. per lin. ft. and $34 for manholes; South Eighth St., A. VOWINKEL, at 60 cts. per lin. ft and $29 for manholes.

SOUTH MILWAUKEE, WIS.—The following bids were received on April 10 for the construction of sewers and sewage disposal plant: Sewers, A. C. Schreiter, $16,764; Jno. Brogan, $17,975; N. F. Reichert, $20,276; R. J. HICKEY, $14,210 (awarded contract); Jos. Whalen, $16,900; T. Szukalski, $18,579; E. R. Harding, $18,888. Sewage disposal plant, F. R. Harding, $7,405; Jno. Brogan, $6,979; R. J. HICKEY, $6,780 (awarded contract); Edward Petzold, $7,748. John W. Alvord and Charles B. Burdick, Hartford Bldg., Chicago, Ill., are the Engrs.

MANKATO, MIN.—A. H. Scherer, City Clk., will receive bids until April 24 for the installation of a storm sewer.

†FORT LEAVENWORTH, KAN.—The contract has been awarded to the A. J. TAUSIG CONSTRUCTION CO., St. Louis, Mo., at $48,928 for the construction of section A and D of an extension to the outfall sewer in Fort Leavenworth, Kan.

CANTON, S. DAK.—Bids will be received by R. G. Valentine, Comr. of Indian Affairs, Washington, D. C., until May 2, for extension to sewer system at the Canton Insane Asylum, Canton.

*FORT D. A. RUSSELL, WYO.—Bids will be received in triplicate, by Capt. F. S. Armstrong until May 8 for construction of approximately the following estimated quantities of drain: 3,125 lin. ft. of 8-in. S. G. vitrified pipe and specials, 2,900 lin. ft. of 6-in. S. G. vitrified pipe and specials and nine manholes.

OTTAWA, ONT.—Bids will be received by Board of Control, until April 27, for the construction of the west end drainage system. N. J. Ker is City Engr.

GARBAGE DISPOSAL.

WELLESLEY, MASS.—Bids will be received until April 21 by the Board of Health for the collection and disposal of the town garbage for two years from May 1. W. N. Magown is Secy. Bd. of Health.

†NEW YORK, N. Y.—The KINDLING MACHINERY CO., Louis Kindling, Pres., Milwaukee, has been awarded the contract for furnishing 150 patented Kindling street sprinklers of the squeegee type to the Street Cleaning Department.

NEW YORK, N. Y.—Bids will be received by William A. Edwards, Comr. of St. Cleaning, until noon, May 1, for furnishing and delivering twelve street sweeping machines.

*ERIE, PA.—Bids will be received until 8 p. m., May 8, by the Chairman of the Trust Session of Councils for the construction of an incinerator plant. B. E. Briggs is City Engr.

†BENWOOD, W. VA.—The City Council, it is reported has awarded the contract to the DIXON ENGINEERING CO., of Toledo, Ohio, for a crematory of 12 tons daily capacity at about $8,000.

STREETS AND ROADS.

(*Denotes that this work is advertised in Engineering News.)

†BOSTON, MASS.—We are officially advised that the contract for repairing artificial stone sidewalks in any street within the city limits has been awarded to C. W. DOLLOFF & CO. Noted on March 30.

BOSTON, MASS.—It has been announced that the New York, New Haven & Hartford R. R. Co. will contribute $12,500 of the $71,000 estimated as the cost of paving Southampton St. and Rogers Ave. The remainder will be paid by the city. Louis K. Rourke is City Engr. and Supt. Paving.

BOSTON, MASS.—Bids will be received until April 26 for paving 4,000 sq. yds. in Haverhill St. Louis K. Rourke is Comr. of Pub. Wks.

BOSTON, MASS.—Bids will be received until April 25 for constructing a tar-macadam roadway and artificial stone sidewalks in Corey Road, Brighton District, and Hazleton St., Dorchester District. Louis K. Rourke is Comr. Pub. Wks.

†BOSTON, MASS.—The following bids were received on April 12 for constructing 8,000 ft. of macadam road in Granby, extending the 1908 highway toward Belchertown, awarded to C. E. HORNE, Millbury, Mass., at $8,322. Other bidders were: R. F. Hudson, Wilmington, Mass., $8,458; Lane Construction Corporation, Meriden, Conn., $8,708; F. J. Mague, West Newton, $8,731; F. E. Ellis, Melrose, $8,793, and Michael L. Carmarco, Lee, $8,865; for building 4,300 ft. of oil macadam road in Tyngsboro, northwesterly from the section built in 1910, to H. W. TARBELL, $7,006. Other bidders were: Frank Williams, $5,494; F. E. Ellis, Melrose, $7,257; F. J. Mague, West Newton, $7,402; R. F. Hudson, Wilmington, $7,461, and Martin & Condon, Watertown, $7,975.

†BOSTON, MASS.—The following bids were received on April 10 for building a macadam roadway in Greenwood St., Dorchester District: J. C. COLEMAN & SONS CO., $13,261 (awarded contract); Connolly & Diamond, $13,501 with local stone, and $13,770 with trap rock; James Doherty, $13,859 and $13,904; William J. Rafferty Co., $14,116 and $14,295; John F. O'Connell, $14,369 and $14,548; D. M. Biggs & Co., $15,510 and $15,356; John McCourt & Co., $13,756 and $13,901; John Kelly & Co., $13,651 and $13,987; Daniel E. Lynch, $16,788 and $17,236. Noted on April 6.

PROVIDENCE, R. I.—A plan has been proposed to Henry Fletcher, Mayor of Providence, providing for the construction of a new street, 100 ft. wide, from the post office to Angell and Brown Sts.

HARTFORD, CONN.—Bids for the relaying of asphalt pavement and concrete base, 4,000 sq. yds. on Farmington Ave., 4,300 sq. yds. on Sheldon St., 3,000 sq. yds. on Main St., 4,000 sq. yds. on High St., and 6,800 sq. yds. on Capitol Ave. were received on April 10 by the Board of Contract & Supply, as follows: (a) Surface asphalt per sq. yd., (b) binder per sq. yd., (c) concrete per cu. yd., (d) expense and handling per sq. yd: Warren Bros., Boston, Mass., Sheldon St., (a) $1.57, (b) $10, (c) $4, (d) 55 cts.; High St., (a) $1.62, (b) $10; Main St., (a) $1.62, (b) $10; Capitol Ave., (a) $1.62, (b) $10; Farmington Ave., (a) $1.57, (b) $10, (c) $4, (d) 55 cts. Narragansett Improvement Co., Boston, Mass., (a) $1.67, (b) $15, (c) $6.12 for all streets. Southern New England Paving Co., Hartford, Conn., Sheldon St., (a) $1.31, (b) $9, (c) $5.35; High, Main and Capitol Ave., (a) $1.27, (b) $9; Farmington Ave., (a) $1.35, (b) $9; (c) $5.65, (d) 75 cts. Noted on April 6.

NEW YORK, N. Y.—Bids will be received by Charles B. Stover, Pres. Park Board, until 3 p. m., April 27, for furnishing all the labor and materials required for reconstructing and surfacing with asphaltic earth mixture, The Bronx and Pelham Parkway, from the Southern Boulevard to the Butler St. road, in the Borough of The Bronx. Blank forms may be obtained at the office of the Department of Parks, Zbrowski Mansion, Claremont Park, Borough of The Bronx.

NEW YORK, N. Y.—Bids were received on April 12 by Alfred E. Steers, Pres. Boro. of Brooklyn, as follows: Regulating and

paving with asphalt on a concrete foundation, the roadway of 52d St., from 13th to 16th Aves., Barber Asphalt Paving Co., $12,572; Brooklyn Alcatraz Asphalt Co., $11,138; Cranford Co., $11,175; Uvalde Contracting Co., $11,462.

Regulating, grading, curbing and laying sidewalks on Eighth Ave., from 62d St. to Bay Ridge Ave., M. J. O'Hara, $15,821; J. J. Schneider, $15,018; Napola Caponi, $21,077; Seaboard Construction Co., $19,657; Chas. J. Vofri, $14,685; P. S. Hickey, $12,003; McCauley & Manton Co., Inc., $14,896.

Regulating and paving with asphalt on a concrete foundation the roadway of Caton Ave., from Coney Island Ave. to Marlboro Road, Barber Asphalt Paving Co., $12,199; Brooklyn Alcatraz Asphalt Co., $10,467; Uvalde Contracting Co., $12,278; Cranford Co., $10,714.

Regulating, grading, curbing and laying sidewalks on 68th St., from Fourth to Fort Hamilton Aves., W. W. Gorman, $19,885; J. J. Schneider, $17,239; Charles J. Vofri, $16,130; P. S. Hickey, $17,566; Seaboard Construction Co., $23,265; McCauley & Manton, $18,867.

FORT H. G. WRIGHT (New London, Conn., post-office), N. Y.—Bids will be received by Capt. F. T. Arnold, Constr. Q. M., U. S. A., New London, Conn., until May 2 for the construction of about 5,700 sq. yds. of macadam roads and about 13,200 sq. ft. of cement walks.

ITHACA, N. Y.—The Board of Supervisors of Tompkins County have voted to construct the Freeville-Groton Road, 4·49 miles long, at an estimated cost of $51,200. F. C. Evans is Supt.

TROY, N. Y.—Bids will be received by the Board of Contract and Supply, James M. Riley, Secy., until 11 a. m., April 25, for paving, curbing, grading and regulating Fourth St., from Fulton to Grand St.

NEW ROCHELLE, N. Y.—Bids will be received by the Board of Public Works, Richard Lathers, Jr., Chn., until May 4, for paving with macadam and constructing curb, gutter and flag and concrete sidewalks on various streets.

*LACKAWANNA, N. Y.—Bids will be received by the Common Council until 8 p. m., May 15, for paving the Ridge Road, from South Park Ave. to Hamburg Turnpike, with vitrified brick, the pavement to be 42 ft. in width from curb to curb, according to the plans and specifications on file in the office of John J. Monaghan, City Clk.

NEW YORK, N. Y.—Bids will be received by Alfred E. Steers, Pres. Boro. Brooklyn, until 11 a. m., April 26, for regulating, grading, paving, constructing sidewalks, etc., on portions of various streets.

*POUGHKEEPSIE, N. Y.—Bids will be received for constructing concrete sidewalks and concrete curbs, until 4 p. m., April 27, at the office of the Board of Public Works, R. J. Harding, Supt.

✚WASHINGTON, N. J.—We are officially advised that the contract for macadamizing Washington, Asbury and Imlaydale roads, a total of 6¼ miles, was awarded on April 17 to SALMON BROS., Netcong, N. J., at $49,307. The other bidders were: M. Irving, Demarest, Sewaren, $57,067; Jas. J. Allen, Netcong, $77,992; John Ed. Foley, Paterson, $81,796. Noted on April 6.

NEWARK, N. J.—We are officially advised that the lowest bids received on April 13 for laying about 116,980 sq. yds. of brick pavement were: Ogden St., granite, Jersey Paving Corp., $18,346; Malvern St., granite, J. F. Shanley Co., $47,247; Delancy St., granite, J. F. Shanley Co., $42,041; Tyler St., granite, J. F. Shanley Co., $34,791; South 17th St., brick, Newark Paving Co., $40,717; Vincent St., brick, Jersey Paving Corp., $9,762; Bigelow St., brick, McMahon Construction Co., $7,961; South 14th St., brick, Van Keuren & Son., $36,930; 14th Ave., brick, Newark Paving Co., $23,224; Clifton Ave., bitulithic, Standard Bitulithic Co., $15,039; Madison Ave., bitulithic, Standard Bitulithic Co., $30,813; Mapes Ave., bitulithic, Standard Bitulithic Co., $13,500; Sherman Ave., bitulithic, Standard Bitulithic Co., $31,938. Bids for the above streets were received under Chapter 217, Laws of 1895, which provides that the contract for these streets, if awarded, will be awarded provisionally, subject to being rejected if a majority of the property owners on the street object to its being paved. Noted on April 6.

NEWARK, N. J.—Bids will be received by the Board of Street and Water Commissioners until 3.15 p. m., April 27, for paving portions of several streets with brick and granite on a 6-in. concrete foundation.

JERSEY CITY, N. J.—Bids will be received by the Board of Street and Water Commissioners until 2 p. m., April 24, for improving Centre St., from Bright to York St. The work will include: 740 cu. yds. of earth excavation; 10 cu. yds. of earth filling; 60 cu. yds. of sand filling; 145 sq. yds. of paving (Belgian) in gutters; 500 lin. ft. of curbstone, 5 × 16-in., set in concrete; 240 sq. ft. of bridgestone; 1,900 sq. ft. of flagging; 2 reset receiving basin heads.

Y.—The New York State Casting Co., recently incorporated here, will locate its works with the Syracuse Stove Company, whose plant is to be enlarged to provide the necessary manufacturing space required. Francis Kernan, Pres. of the Syracuse Stove Co., is Chn. of the Executive Committee of the new company.

Russell & King, Archs., have completed plans for a 6-story and basement warehouse, 213 × 42 × 91 ft., to be added to the plant of the Syracuse Chilled Plow Co. on Marcellus St. It will be of brick and structural iron. Estimated cost, $40,000. The warehouse will be connected with the main factory by an overhead bridge.

The new Process Stone Co., of this city, is having plans prepared for a manufacturing building, 70 × 118 ft., one story high, which it will erect at Darwin Springs.

UTICA, N. Y.—The Capron Knitting Co. will build a 4-story brick mill, 54 × 168 ft., to be ready for occupancy about Aug. 1, when the company will abandon the present building used for manufacturing and office room and occupy the new mill. The company will also continue its Mill No. 1 at Whitesboro and Liberty Sts. Charles A. Byington, of the Frisbie & Stansfield Co., is Pres.; William C. Plunkett, Gen. Mgr., and J. A. Roberts, Secy. and Treas.

NEWARK, N. J.—Plans have been completed by Edward Dunn, Arch., Firemen's Insurance Bldg., for the construction of a 4-story brick and limestone factory, 67 × 100 ft., on Central Ave., near Seventh St., and bids are being received. Joseph Colyer & Co., carriage builders, 229 Halsey St., are the owners.

CARBONDALE, PA.—A 2-story brick addition is planned to the plant of the Carbondale Knitting Co.

✚NICETOWN (Philadelphia post-office), PA.—The contract to erect a brick addition, one and two stories, to the factory and office buildings of the Link Belt Co. has been awarded to F. A. HAVENS & CO., 845 North 19th St. Cost, $50,000.

PHILADELPHIA, PA.—The Alpha Knitting Mills, manufacturers of sweaters, cardigans and fancy knit goods, have purchased a lot at the corner of Sixth and Spring Garden Sts., and will erect a 5-story modern concrete building, 40 × 67 ft. Work will begin about May 1, and it is expected that the building will be completed by Dec. 1.

✚It has been announced that the Electric Storage Battery Co., 19th St. and Allegheny Ave., has closed a contract with JOHN G. BROWN, Witherspoon Bldg., for the design and construction of a reinforced-concrete building. This addition to its present plant will be approximately 300 ft. × 115 ft., six stories high, with a 4-story triangular extension, about 80 × 120 ft. These buildings will be constructed by the system of mushroom reinforced-concrete construction and strictly reinforced fireproof. Construction is to start at once and they are to be completed during the Fall, giving employment to a large additional force of workmen.

✚The WILLIAM STEELE & SONS CO., 1600 Arch St., has signed the contract for the erection of the new plant, at Tenth St. and Allegheny Ave., for the Hohlfeld Mfg. Co., which will cost about $125,000. The plant includes a 3-story and basement main building, 62.6 × 249.4 ft., of reinforced concrete; a 1-story boiler room, 23.6 × 52 ft., with a radial brick stack; a 1-story engine room, 24.6 × 52.4 ft., of reinforced-concrete construction, and a 1-story storage building, 116 × 15.6 ft., at the east end and 24 ft. at the west end. Noted on March 30.

The same builders are estimating on a 5-story addition, 69.5 × 109.3 ft., to the plant of the North Bros. Mfg. Co., American St. and Lehigh Ave.

✚PHILADELPHIA, PA.—The WILLIAM STEELE & SONS CO., 1600 Arch St., has contracts for the erection of a 4-story building at 1028 Chestnut St., for George S. Graham, to cost $225,000.

✚CAREY & REED have been awarded the contract for concrete work in the factory at 623-627 Arch St. for C. E. Morris. Cost, $24,000.

WEST MIDDLESEX, PA.—Articles of incorporation have been filed by the George W. Mason Engineering & Mfg. Co. for the purpose of erecting a factory to manufacture heaters. It is proposed to start the erection of the main building at once. It will be built of concrete, with a length of 100 ft. and width of 36 ft. The land which was obtained is a tract lying along the Erie R. R. just at the north end of Middlesex, and has a frontage of 100 ft. on the Erie tracks and 75 ft. on the street railway tracks. The length is given at 400 ft. The officers are Frank Large, of Sharon, Pres.; Joseph Metz, of West Middlesex, Vice Pres.; Charles Pierce, Treas., and William E. Elliott, Secy., both of Sharon. The capital stock is $10,000, it is reported.

RICHMOND, VA.—The R. A. Patterson Tobacco Co. has bought ten acres of land for the purpose of establishing a plant with a yearly capacity of 30,000,000 lbs. The cost, including the machinery, will be in the neighborhood of $1,000,000.

✚GREENVILLE, S. C.—The Westervelt Mills, of Greenville, have awarded the contract for the electrical equipment to the WESTINGHOUSE ELECTRIC & MFG. CO., of Pittsburg, Pa. Power will be furnished by the SOUTHERN POWER CO., we are officially advised. Full details were given March 2.

✚The Duncan Mills, of which J. Adger Smith, Jr., is Pres., has awarded the contract for the construction of the company's buildings to the FISKE-CARTER CONSTRUCTION CO., of Worcester, Mass. This contract calls for completion by Oct. 15. 000 spindles and 1,500 looms. Noted on March 9.

ROME, GA.—Bids will be received some time in May for the construction of a cement plant for the Ball Mountain Portland Cement Co. at Rome. Approximate cost, $400,000. Machinery is needed for the making of 2,000 bbls. of cement daily. Address J. S. Bass, of Rome.

MONTGOMERY, ALA.—It is reported that the Texas Co., of Houston, Tex., plans to establish a branch plant in Montgomery. There will be three frame buildings, 30 × 120 ft., 34 × 45 ft., and 24 × 48 ft., respectively. The cost, including oil tanks, etc., will be $15,000.

MEMPHIS, TENN.—The Memphis Rice Mill Co. is being chartered by J. D. Marks, of Crowley, La., and associates for the purpose of establishing a rice mill in Memphis. The capital stock will be $100,000.

ASHTABULA, OHIO.—The Lake Shore Ry. Co. has issued orders for the immediate construction of two more machine shops on the Superior No. 1 and the Union docks.

Plans have been prepared for a plant, with a capacity of 50,000 paving bricks a day, for the Ashtabula Shale Brick Co.

CINCINNATI, OHIO.—Plans are being prepared by Theodore Rechter for an addition to the plant on Davis Lane, which the Charles Boldt Glass Co. proposes to erect. Noted on March 30.

✚NEW BREMEN, OHIO.—The contract for the erection of a brick and cement structure, 40 × 100 ft., for sheltering a bridge manufacturing plant in New Bremen, has been awarded to HENRY VANDERHORST and FRED VORNHOLT, both of New Bremen. The building is to be ready for occupancy on or before July 1.

IRONVILLE (Toledo post-office), OHIO.—William B. Hunt, Spitzer Bldg., Toledo, is preparing plans for a 1-story and basement factory for the Monarch Mfg. Co., of Ironville. It will be of reinforced concrete construction.

TOLEDO, OHIO.—Edward Thal & Co., Ohio Bldg., Toledo, will soon receive estimates on a 3-story and basement factory and warehouse, 85 × 180 ft., for the Western Mfg. Co. Cost, $40,000.

Langdon & Hohly, Nicholas Bldg., have prepared plans, and will soon let contracts, on a 2-story and basement factory, 40 × 100 ft., for the Advance Machine Co., J. A. Tagart, Prop., 325 Hamilton St.

G. S. Mills, Ohio Bldg., has been selected by the Willis Overland Auto Co., of Toledo, to prepare plans for an addition to its plant.

✚The same architect has awarded the general contract for the 3-story and basement laundry, 97 × 60 ft., to be located at Tenth and Monroe Sts., for the Reliable Laundry Co., 2141 Monroe St., to M. RAIBERT & SON, Nasby Bldg. Cost of buildings, $30,000.

TOLEDO, OHIO.—George S. Mills, Arch., Ohio Bldg., has been engaged to prepare plans for a 3-story plant on the site of the old one, for the Toledo Biscuit Co., recently incorporated with a capital of $150,000. Among those interested are: Emery Thierwachter, of Oak Harbor; J. M. Bour, Toledo, and C. H. Streetman, Cincinnati. M. E. Bettridge is Gen. Mgr.

✚DETROIT, MICH.—Pollmar & Ropes, Cleland Bldg., have awarded the following contracts for the 3-story and basement addition, 34 × 52 ft., to the bakery of Gordon-Pasel Co., 461 Chene St.: Structural iron work, H. B. LEWIS, 45 Joseph Campus Ave.; masonry, GEORGE D. NUFF, Hamilton Boulevard and Blaine Ave.; carpentry, STRELOW & PETT, 700 Mack Ave.

✚Middaer & Eisen, Hammond Bldg., have awarded the general contract for the 2-story engine house, 60 × 32 ft., for Kaiser & Schmidt, 407 Wilkins St., to C. J. KELLER & CO., 657 Caulfield Ave., East.

✚GRAND RAPIDS, MICH.—The Pere Marquette R. R. Co., Grand Rapids, has let the general contract for the 45-stall roundhouse to be erected in the Wyoming yards, to HAUSER, OWEN & AMES, 102 North Ottawa St., Grand Rapids. Cost, $75,000.

SAGINAW, MICH.—Cowles & Mutchellier, Chase Bldg., Saginaw, are preparing plans for a cold storage plant, four stories and basement, 97 × 74 ft., for the Cornwell Beef Co., Thompson and Franklin Sts., Saginaw. The architects will be ready for estimates soon. Cost, $40,000.

CHICAGO, ILL.—Holabird & Roche, Archs., 98 Jackson Boulevard, will receive bids about April 25 for the construction of a 6-story printing building on Clark St., near Harrison St. Poole Bros., 106 Harrison St., are the owners.

The Franklin Co., engravers, will erect a 12-story fireproof building to cost about $2,000,000, on the premises recently acquired at 422-424 Dearborn St. Edward D. Mocng is Pres.

✚PEORIA, ILL.—The Behrends Ice & Fuel Co. has been granted a permit to erect its plant on lower South Washington St. by J. A. Schneider, Building Comr. The building will be built of brick and is estimated to cost in the neighborhood of $20,000. GERDES & BECKER are the contractors.

✚MILWAUKEE, WIS.—The International Harvester Co. has awarded the contract for the structural steel work on the, $200,000 machine shop on Park St., between 13th and 15th Aves., Milwaukee, to the McCLINTIC MARSHALL CONSTRUCTION CO., of Chicago. Approximately 1,500 tons of fabricated material will be required. Noted last week.

The Keystone Glue Co., of Williamsport, Pa., has acquired a site of 45 acres on Lake Michigan at South Milwaukee and proposes to erect a $300,000 plant, beginning work about July 1.

RACINE, WIS.—The Hamilton Beach Co., manufacturers of electrical goods and devices, is looking for a site for the proposed $75,000 factory contemplated for erection this summer.

✚KANSAS CITY, MO.—The contract to erect a 4-story mill building, 48 × 52 ft., a 1-story engine room, 38 × 20 ft., a 1-story warehouse, 42 × 100 ft., has been awarded to GEORGE H. SIEDHOFF, of this city. The mill and power-house will be of concrete construction while the warehouse will be of corrugated iron. Smith, Rea & Lovett, Archs., prepared the plans.

ALPINE, TEX.—Oscar Pacius, of Monterey, Mex., and associates are preparing to erect a plant here for the manufacture of wax from the candelilla weed that grows wild in great profusion in this part of the State.

AUSTIN, TEX.—The Tips Foundry & Machine Co. has increased its capital stock from $20,000 to $40,000. It will make enlargements and improvements.

BROWNSVILLE, TEX.—R. G. Wagner, of Milwaukee, Wis., Pres. of the Wisconsin Sugar Co., has been making a personal investigation of the adaptability of the soil and climate of the lower Rio Grande Valley for the growing of sugar beets with the view of engaging in the industry on a large scale and establishing a beet sugar factory, it is stated.

GAINESVILLE, TEX.—A factory for the manufacture of overalls will be established here by D. W. Crawford. He will install 30 machines.

HARLINGEN, TEX.—O. P. Slack, of Houston, and associates, are arranging to construct a cotton compress at Harlingen, to cost about $25,000. It is planned to have it finished in time to handle this season's crop.

✚HOUSTON, TEX.—A. STATTLEMAN, of Oklahoma City, Okla., has entered into a contract with the Terminal Stock Yards Co., of Houston, for the erection of a fertilizer and rendering plant here.

The Weisenborn Mfg. Co. will soon begin the erection of its foundry and machine shop buildings at Port Houston. The company will manufacture woven wire.

LONGVIEW, TEX.—The Longview Hardwood Specialty Co. is being organized here to erect a factory for the manufacture of various articles out of hardwood timber. It is stated that the proposed plant is to cost more than $100,000 and will give employment to several hundred people.

ROSWELL, N. MEX.—C. M. Allison will erect a plant here for the manufacture of what is known as "cement brick."

SALT LAKE CITY, UTAH.—Plans are now being prepared for the erection of another factory in Salt Lake City for the construction of a patent water elevator for irrigation projects. The plans are for a $10,000 plant. The company will manufacture a water elevator patented by E. V. K. Atcheson, 427 K St., who is Pres. and Gen. Mgr.

SPOKANE, WASH.—A warehouse and cold storage plant, valued at $200,000, is to be erected by the Schade Brewing Co. on the vacant property adjoining their brewery site at Front Ave., Sheridan and Hatch Sts.

TACOMA, WASH.—The Northwest Table Mfg. Co. has filed articles of incorporation with a capital stock of $500,000. The new company will establish a plant in Tacoma in the near future. It is planned to manufacture and sell all kinds of both office and household furniture. The company will also make arrangements to purchase lands and operate sawmills on the land, it is reported.

KENTON (Portland post-office), ORE.—By the signing of a memorandum of agreement in Chicago recently by Louis Swift, on the part of Swift & Co., and M. J. Sulzberger, for Schwarzschild & Sulzberger, a tentative arrangement has been perfected for the construction of a $2,000,000 packing plant in the Kenton district. Negotiations have been pending a year and with the successful conclusion confirmed in the despatch from New York the enterprise will represent the largest and most important commercial move of the year. It is the understanding that there will be erected in the packing-house district, now occupied by the Swift concern, a plant even larger than that of the Swifts and modern in every respect, according to reports.

PERRIS, CAL.—The Southwestern Sugar Co., Laughlin Bldg., Los Angeles, will award contracts shortly for constructing the following structures near Perris: Concrete machinery building, 100 × 100 ft.; main factory building, 350 × 75 ft., three to five stories, of steel and concrete; warehouse, 200 × 60 ft.; boiler house, 40 × 120 ft.; officers' quarters, etc. Cost of buildings, $125,000.

OAKLAND, CAL.—A lot on Telegraph Ave., between 19th and 20th Sts., has been purchased by Emil Lohnhardt, 1157 Broadway, for the purpose of erecting a candy factory. It will be three stories high, of concrete construction. The cost, including building, ground, etc., will be about $60,000.

SACRAMENTO, CAL.—Plans are being prepared for a building to be erected by the Capital Box Co. at the corner of Second and Q Sts., on the site of the old mill, which was destroyed by fire recently. The building will be of reinforced concrete and fireproof.

HALIFAX, N. S.—The British Canadian Shipbuilding & Dock Co. has been incorporated with a capital of $10,000,000, for the purpose of constructing a shipbuilding plant at Sydney Harbor. The following are directors: Sir Henry Pellatt and Lieut.-Gov. J. M. Gibson, of Toronto; Charles Ellis and Alexander Gracie, of the Fairfield Shipbuilding Co., Clydebank, Scotland, and A. Cross, of Sydney.

✚PORT ARTHUR, ONT.—BARRET & McQUEEN, of Fort William, have been given a contract to build an addition of 50,000 tons capacity to the storage plant of the Canadian Ore & Coal Dock Co., at a cost of $75,000.

MISCELLANEOUS CONTRACTS.

*(*Denotes that this work is advertised in Engineering News.)*

U. S. RECLAMATION SERVICE.—All news concerning canal and irrigation projects, etc., will be found under Water Supply—Irrigation.

✚REMOVING BOULDERS.—Boston, Mass.—Bids were received as follows on April 14 by the State Harbor and Land Commissioners, Boston, for removing about 900 tons of boulders from the channel of North River: Merritt & Chapman Derrick & Wrecking Co., of West Virginia, 36 Atlantic Ave., Boston, $9.94 per ton; Frederick D. Lawley, Ericsson St., Neponset, Mass., $4.87; Betts Bros. & Co., 16 New St., East Boston, Mass., $3.47; Hiram W. Phillips, 734 Washington St., Quincy, Mass., $3.25; THOMAS FITZ GIBBON, 10 Bank Bldg., Beverly, Mass., $2.83 (awarded contract).

LANDING PIERS.—Boston, Mass.—Bids will be received until April 25 for building landing piers by the Metropolitan Park Commission, one at Cambridge Bridge, near Berkeley St., two at Harvard Bridge, and one near Galen St. Bridge, Watertown. John R. Robin is Ch. Engr. Comn.

JETTY WORK.—Boston, Mass.—Thomas Fitz Gibbon, 10 Bank Bldg., Beverly, Mass., submitted the only bid on April 14 to the State Harbor and Land Commissioners, Boston, for building a jetty at the mouth of Ipswich River at $2.43 per ton. The work includes furnishing and depositing in place about 2,500 tons of granite quarry grout and chips. No bids were received same date for furnishing and depositing in place about 1,500 tons of granite quarry grout and chips at the inner end of the present stone jetty at Scorton Harbor. George E. Smith is Chmn. Bd. Comrs., Boston.

BREAKWATER REPAIR.—Boston, Mass.—Bids will be received until noon, May 12, by Col. Frederic V. Abbott, Corps Engrs., U. S. A., Boston, for repairing the breakwater at Gloucester, Mass.

*DREDGING.—Newport, R. I.—Bids will be received until 2 p. m., May 15, by Lt.-Col. J. C. Sanford, Corps Engrs., U. S. A., Newport, for dredging in Providence Harbor, R. I.

LAUNCH BASIN, ETC.—Fort Hamilton (Brooklyn post-office), N. Y.—Bids will be received until May 12 by the Constructing Quartermaster, U. S. A., Fort Hamilton, for the construction of a launch basin and improvements to wharf.

*CHANNEL EXCAVATION.—Buffalo, N. Y.—Bids for channel excavation in the Niagara River, N. Y., were opened on April 10 by Lt.-Col. J. G. Warren, Corps Engrs., U. S. A., as follows: (a) excavation of blasted rock, scow measure, 9,000 cu. yds., (b) total: Empire Engineering Corporation, New York, (a) 83 cts. per cu. yd., (b) $7,470; Buffalo Dredging Co., Buffalo, (a) 76 cts., (b) $6,840; Arthur H. Vogel, Milwaukee, Wis., (a) 79 cts., (b) $7,110.

DREDGING AND FILLING.—New York, N. Y.—Bids will be received by Alfred E. Steers, Pres. Boro. Brooklyn, until 11 a. m., April 26, for furnishing all the labor and material required for dredging and filling at the Eighth Ward market property, between 36th and 38th Sts., New York Bay, Boro. Brooklyn.

PORTABLE SCHOOL HOUSE.—New York, N. Y.—Bids will be received by C. B. J. Snyder, Supt. School Bldgs., Dept. of Education, until 11 a. m., May 1, for furnishing and erecting a 4-room portable school house, toilet building, sanitary work, etc., on the premises of Public School 48, at Spofford, Coster and Faile Sts., Boro. of the Bronx.

FIRE PROTECTION WORK, ETC.—New York, N. Y.—Bids will be received until 11 a. m., May 1, by C. B. J. Snyder, Supt. School Bldgs., Dept. of Education, for fire protection work, etc., at Public Schools 25, 29, 30, 31, 38 and 40, Boro. The Bronx; also for new metal ceiling at Public Schools 8, 14, 18, 37, 49, 70 and 73, Boro. Manhattan; also for new fireproof main stairs at Public Schols 8, 18, 71, 87, 104 and 120, Boro. Manhattan.

FIRE PROTECTION SYSTEM, ETC.—New York, N. Y.—Bids will be received by Kingsley L. Martin, Comr. of Bridges, until 2 p. m., April 27, for installing fire protection system and compressed air line on the Manhattan Bridge over the East River, between the Boroughs of Manhattan and Brooklyn.

ROPE.—New York, N. Y.—Bids will be received by R. Waldo, Fire Comr., until 10.30 a. m., May 18, for furnishing and delivering manila rope, etc., for fireboats, etc.

IMPROVING PLAYGROUND.—New York, N. Y.—Bids will be received by the Park Board, Dept. of Parks, until 3 p. m., April 27, for improving the playground located in the block bounded by Amsterdam Ave., West End Ave., 59th St. and 60th St.

PLAYGROUND.—New York, N. Y.—Bids will be received by the Park Board, Dept. of Parks, until 3 p. m., April 27, for constructing Bushwick playground, bounded by Putnam Ave. and Woodbine St. Extension between Knickerbocker Ave. and Irving Ave., Boro. Brooklyn.

✚PILING FOUNDATIONS.—New York, N. Y.—The contract for the piling foundations of the Pilgrim Laundry Building, Eleventh Ave. and 17th St., Boro. Brooklyn, has been awarded to the MACARTHUR CONCRETE PILE & FOUNDATION CO., of New York. The piles will be of the pedestal type. Kirby & Pettit are Archs.

*DREDGING.—New York, N. Y.—Bids will be received until noon, May 18, by Col. S. W. Roessler, Corps Engrs., U. S. A., New York, for dredging in Flushing Bay, Hempstead Harbor and Huntington Harbor, N. Y.

REPAIRS TO SCOWS.—New York, N. Y.—Bids will be received by W. H. Edwards, Comr. St. Cleaning, until noon, April 28, for furnishing all the labor and materials required for repairs to scows Nos. 9 and 16 of the Department of Street Cleaning.

ROPE.—New York, N. Y.—Bids will be received by R. Waldo, Fire Comr., until 10.30 a. m., April 27, for furnishing and delivering manila rope, etc., for fireboats, etc.

*DREDGING.—Oswego, N. Y.—Bids will be received until 10 a. m., May 15, by Capt. W. L. Guthrie, Corps Engrs., U. S. A., Oswego, for dredging at Ogdensburg Harbor and Charlotte Harbor, N Y.

✚BATHING PLANT.—Asbury Park, N. J.—Bids were received as follows on April 11 by the Public Grounds Commission for the construction of a bathing plant and pool on the east side of Ocean Ave., between First and Second Aves.: Frank N. Goble, $89,590; A. Whitehead, $82,350; C. H. Peckworth, $85,394; H. O. Gardner, $82,088; J. A. Conklin, $99,000; I. R. TAYLOR & CO., Asbury Park, $80,000 (awarded contract).

JETTIES.—Fort Hancock, N. J.—Bids will be received until 11 a. m., May 3, by the Commanding Officer, Sandy Hook Proving Ground, Fort Hancock, for constructing about 1,900 ft. of wood jetties

✚CAR HOUSE.—Newark, N. J.—The Public Service Corporation has awarded a contract to STILLMAN, DELEHANTY & CO., for constructing a car storage house at $21,000. The building will be 100 × 400 ft.

JETTIES.—Ventnor City, N. J.—No bids were opened by the city on April 12 for constructing jetties. New bids will be asked.

LUMBER.—Jersey City, N. J.—Bids will be received until 2 p. m., April 24, by the Board of Street and Water Commissioners for furnishing and delivering lumber.

*STEAM SHOVEL WORK.—Slatington, Pa.—MacArthur Bros. Co., 11 Pine St., New York, have 75,000 cu. yds. of steam shovel work in Pennsylvania to let, suitable for small shovel outfit. Address MacArthur Bros Co., New York, or Slatington.

✚DREDGING.—Wilmington, Del.—Bids for dredging Cat River and Bogue Bay, Va., were received by Maj. R. R. Raymond, Corps Engrs., U. S. A., Wilmington, on March 30, as follows: MINER ENGINEERING CO., Washington, D. C., 15½ cts. per cu. yd., place measurement (awarded contract); River & Harbor Improvement Co., Philadelphia, Pa., 16.8 cts.; McLean Contracting Co., Baltimore, Md., 27 cts.; W. H. French, Norfolk, Va., 35 cts.; The Rickards Dredging Co., Philadelphia, Pa., 24 cts.

WIRE AND CABLE.—Washington, D. C.—Bids will be received until 10.30 a. m., April 21, by Capt. A. S. Cowan, Disbursing Officer, Signal Corps, U. S. A., War Dept., Washington, for furnishing 500 ft. of brass wire; 600 ft. of high-tension wire; 1,000 ft. of low tension wire, and 1,000 ft. of cable.

STEAM ENGINES, ETC.—Washington, D. C.—Bids will be received by the Commissioners of the District of Columbia, until 2 p. m., April 25, for furnishing two steam engines, and two generators for use in the McKinley Manual Training School.

REVENUE CUTTERS.—Washington, D. C.—Bids were received as follows on April 12 by the Revenue Cutter Service, Treasury Dept., Washington, for the construction of revenue cutters Nos. 22 and 24: Newport News Shipbuilding & Dry Dock Co., Newport News, Va., (sole bidder), No. 22, $240,000, on department's plans modified; Nos. 22 and 24, $476,000; with Babcock & Wilcox boilers, $480,000. Time, one year.

✚COAL WASHING PLANT.—Richmond, Va.—The Old Dominion Development Co. has awarded the contract for the construction of a Stewart coal washing plant to ROBERTS & SCHAFER CO., Chicago, Ill. The capacity of the plant is 40 tons per hour and will be built for about $12,000.

*DREDGING.—Norfolk, Va.—Bids will be received until noon, May 15, by Lt.-Col. Mason M. Patrick, Corps Engrs., U. S. A., Norfolk, for dredging the channel to Newport News, Va.

✚DREDGING.—Wheeling, W. Va.—Bids were received as follows on April 13 by Maj. F. W. Altstaetter, Corps Engrs., U. S. A., Wheeling, for dredging 38,000 cu. yds. at Dam No. 11, Ohio River: Sheridan-Kirk Contract Co., Cincinnati, Ohio, 37.5 cts. per cu. yd.; total, $14,250. MONONGAHELA & WESTERN DREDGING CO., Pittsburg, Pa., 30 cts.; $11,400 (awarded contract).

*LOCK AND DAM.—Wheeling, W. Va.—Bids are asked until 11 a. m., May 17, by Maj. F. W. Altstaetter, Corps Engrs., U. S. A., Wheeling, for constructing Lock and Dam No. 20, Ohio River, near Belleville, W. Va.

✚VACUUM CLEANER, ETC.—Lawndale, N. C.—The Cleveland Mill & Power Co., of Lawndale, has decided to install a turbo-humidifyer and vacuum cleaning apparatus. The contract has been awarded to the G. M. PARKS CO., of Fitchburg, Mass.

REPAIRS TO DOLPHINS.—Southport, N. C.—Bids will be received until April 25 by William M. Bryan, Custodian, U. S. Public Health and Marine Hospital Service, Cape Fear Quarantine Station, Southport, for repairs to dolphins at the station.

✚FILLING.—Columbia, S. C.—The Seaboard Air Line Ry. Co., it is reported, has awarded a contract to LANE & CO., of Atlanta, Ga., for filling in trestle cuts, about 286,000 yds.

STEEL BARGES.—Vicksburg, Miss.—Bids were received as follows on April 5 by Capt. Clarke S. Smith, Corps Engrs., U. S. A., Vicksburg, for furnishing: (a) delivered at Memphis, Tenn., (b) delivered at memory at place named per ton; Steel Construction Co., 350; Des Moines Bridge & Iron Co., Des Moines, Iowa, burg, Pa., (a) $11,980; Island, Pa.; American Bridge Co., burg, Pa., (a) $9,400; Mfg. Co., Springfield, Ill., ton, Ill.

RIPRAP.—Vicksburg, Miss., has been received as follows: Clarke S. Smith, Corps Engrs., U. S. A., furnishing riprap; (a) at government barges; (b) at place 15,000 cu. yds. on completion Memphis; (d) totals: Wm. Girardeau, Mo., (a) 75 cts., (b) about 1½ miles above Necessity, 750; Oscar F. Barrett, Cincinnati, $2.10 per cu. yd.; (d) Straub, Helena, Ark., (a) $ (b) Helena, Ark., (c) $ ing informal bids for the work received: Miles & Straub, Helena, 000 cu. yds., $1.35 f. o. b. Rock Island R. R., at Wh Ham Parkin, Little Rock, Ark., yds., 73½ cts. f. o. b. portion of St. Louis Iron Mountain ern Ry. Ward & Carmack, Little Ark., 40,000 cu. yds., 65 cts. at quarry on land grant road of stone at Hopefield, Ark., on bank for 25 cts. per cu. Hatterjohn Construction Co., 40,000 cu. yds., $1.25 f. o. b. Tenn., or $1.35, delivered at Teleher plant, about five miles phis. Edward Hely, Cape Girardeau, 15,000 cu. yds., $1.80, delivered Hopefield or West Memphis, Ark.

FREIGHT YARDS.—Latonia, Ky.—The Louisville & Nashville Ry. Co. has contract for the construction of new yards and a double-hump switching at Decoursey, near Latonia, with a capacity of 4,000 cars per day.

ELEVATOR.—Columbus, Ohio.—Bids were received as follows on April 12 by Knox Taylor, Supervising Architect, Treasury Dept., Washington, D. C., for the installation of elevator in the Columbus post office: Lyn Iron Works, Los Angeles, Cal., $11,162; Otis Elevator Co., 17 Battery Pl., New York, $11,162.

struction of sluice gates for the St. Mary's Falls Canal, was that of the Milwaukee Bridge Co., of Milwaukee, Wis., at $25,865.

✚CAR FERRY.—Detroit, Mich.—The Mackinac Transportation Co., of Detroit, has awarded a contract to the TOLEDO SHIPBUILDING CO. for a new steel car ferry to cost about $500,000.

✚VAULT WORK.—Jackson, Mich.—The contract for making betterments in connection with the construction and for installing a new vault in the U. S. public building, Jackson, Mich., has been awarded to W. J. McALPINE, of Dixon, Ill., at $10,101.

PARK WORK.—Chicago, Ill.—On April 4 the citizens voted to issue $875,000 of bonds for the extension of Lincoln Park. B. J. Mullaney is Comr. Pub. Wks.

✚DITCHES.—Prophetstown, Ill.—Ten bids were received on April 12 by the Commissioners of the Union Special Drainage District of Tampico, Prophetstown and Hume, for constructing ditches requiring the removal of about 85,000 cu. yds. The contract has been awarded to M. J. OMEARA, of Cullom, Ill., at 10.49 cts. per cu. yd.

LEVEE.—East St. Louis, Ill.—The Board of Trustees of the East Side Levee and Sanitary District on April 8 instructed its engineers to prepare plans for Section 2 of the front levee. R. W. Sikking is Clk.

✚SIGNAL SYSTEM.—Sparta, Wis.—The War Department has awarded the contract for installing a signal system on the government rifle range and reservation here to the ELECTRIC SUPPLY & CONSTRUCTION CO., of LaCrosse, Wis., at about $10,000.

✚DITCH.—Mankato, Minn.—The contract has been awarded to C. S. ERICKSON by Edgar Weaver, County Audr., for constructing ditch No. 25. The work requires 65,500 cu. yds. of earth excavation and 3,700 ft. of 10-in. tile.

✚DITCH.—Mankato, Minn.—The contract for judicial ditch No. 14 in Marshall and Pennington Counties has been awarded to the VALLEY DREDGING CO., of Stephen, Minn., the lowest bidder, at 10½ cts. per yd. for excavating and $125 per mile for roadmaking. The second lowest bid was made by F. O. Dahl, of St. Cloud, at 10½ cts. per yd. for excavating and $150 per mile for roadmaking. Bids were opened on April 8.

✚WHARF.—Kansas City, Mo.—Bids for the construction of the municipal wharf, 500 × 50 ft., along the river front between Delaware and Walnut Sts., were opened by the Board of Public Works on April 10. The contract was awarded to the A. M. BLODGETT CONSTRUCTION CO., Commerce Bldg., Kansas City, Md., the lowest bidder, at $22,760. There were eleven bids submitted.

*DREDGING.—Galveston, Tex.—Bids were received as follows on March 31 by Maj. G. P. Howell, Corps Engrs., U. S. A., Galveston, for dredging Galveston Channel, Tex.: L. T. Gaylord, Houston, Tex., 67 cts. per cu. yd.; total, $281,400; Bowers Southern Dredging Co., Galveston, 7.4 cts.; $310,800; R. A. Perry, San Francisco, Cal., 8.24 cts.; $346,080; Southern Dredging Co., Mobile, Ala., 9 cts.; $378,000; Home Dredging Co., Mobile, Ala., 9.84 cts., $413,280.

*SCREENING BUILDINGS.—Fort Crockett (Galveston post-office), Tex.—Bids will be received until 3.30 p. m., May 10, by Capt. P. Whitworth, Constr. Q. M., U. S. A., for screening 18 buildings.

STEEL RAILS.—Boise, Idaho.—See item under Water Supply—Irrigation.

ROCK CRUSHERS, ETC.—Los Angeles, Cal.—Bids will be received until 2 p. m., April 21, by the Board of Public Works for rock crushers and concrete mixers.

DREDGING.—Los Angeles, Cal.—Plans for additional dredging in Los Angeles Harbor under the $270,000 appropriation made in the last River and Harbor Act have been approved by the War Department. Bids will be asked soon, which will call for deepening harbor and dredging contour line in outer harbor. The channel will be made full 500 ft.

STEEL BARS.—Los Angeles, Cal.—The Board of Public Works will receive bids until 11 a. m., April 24, for furnishing to city corrugated steel bars. Horace B. Ferris is Secy.

WHARF.—Oakland, Cal.—Plans and specifications were ordered drawn for a wharf in the Key Route Basin, including a temporary approach to the shore for use during the work now in progress by the Board of Public Works on April 5. F. C. Turner is City Engr.

✚TROLLEY POLES.—San Francisco, Cal.—Bids were received on April 5 by the Board of Public Works for furnishing and delivering steel trolley poles for the Geary St. municipal railway. It is reported that the contract has been awarded to the NATIONAL TUBE CO. at $28.16 each for poles 28 ft. long, and $29.90 each for poles 30 ft. long.

*STONE.—San Francisco, Cal.—Bids will be received until noon, May 29, by Col. John Biddle, Corps Engrs., U. S. A., 401 Custom House, San Francisco, for furnishing and delivering stone for Humboldt Harbor jetties.

EXTENSION TO WHARF.—White's Cove, N. S.—Bids will be received until 4 p. m., May 3, by R. C. Desrochers, Secy. Dept. Pub. Wks., Ottawa, Ont., for the construction of an extension to wharf at White's Cove, Digby County.

WHARF.—Fassett, Que.—Bids will be received until May 9 by R. C. Desrochers, Secy. Pub. Wks., Dept. Ottawa, Ont., for the construction of a wharf at Fassett, Labelle County, Que. Plans can be seen at office of J. L. Michaud, Dist. Engr., Merchants' Bank Bldg., Montreal, Que.

DRAIN.—Cornwall, Ont.—Bids will be received until May 1 for the construction of Stoney Creek drain and its branch in the Township of Cornwall. Bids may be submitted for the whole work or the main drain and the branch drain separately. Plans and specifications may be examined at the offices of Magwood & Walker, Cornwall, and John Mullin, Township Clk., Cornwall.

TELEPHONE SYSTEM.—Ripley, Ont.—Bids will be received until May 11 by Angus Martyn, Secy.-Treas., Ripley, for the construction of a telephone system in the Township of Huron, Ont.

SKATING RINK.—Sudbury, Ont.—The Sudbury Rink Co. desires plans by May 1 for a skating rink, fireproof, steel and concrete or brick, 70 × 170 ft., to cost not more than $16,000. Accepted plan only will be paid for and architect engaged.

COAL HANDLING PLANTS.—Ottawa, Ont.—The time for receiving bids for coal-handling plants for the National Transcontinental Ry. Co. at Springfield, Redditt and Graham, has been extended until April 25. Gordon Grant is Ch. Engr., Ottawa.

✚PLAZA.—Ottawa, Ont.—The contract for the construction of the Plaza Laurier here has been awarded by the Government to McGILLIVRAY & O'TOOLE, of Ottawa, at about $235,000. The work embraces filling in the space between Sappers and Dufferin bridges, over the canal, and the partial rebuilding of the bridges. It will make a public square faced on three sides by the new Grand Trunk station, the post-office and the Chateau Laurier.

GASOLINE LAUNCHES.—Ottawa, Ont.—Bids will be received until noon, May 1, by A. Johnston, Deputy Minister of Marine and Fisheries, Dept. of Marine and Fisheries, Ottawa, for the construction of two twin-screw, gasoline launches with dimensions as follows: Length, 56 ft.; breadth, 10 ft.; draft, 3 ft.; speed, 10½ knots per hour. Each boat must be equipped with two 34-HP. gasoline engines of satisfactory type.

DREDGING.—Toronto, Ont.—Bids will be received until 4 p. m., April 24, by R. C. Desrochers, Secy. Dept. Pub. Wks., Ottawa, Ont., for dredging at Toronto.

CEDAR POLES.—Moose Jaw, Sask.—Bids will be received until April 24 by the city for the supply of approximately 400 white cedar poles for use in the Electric Light Department. Specifications may be obtained from J. D. Peters, Elec. Supt., or W. F. Heal, City Clk.

EXAMINATIONS.

TRIANGULATOR AND COMPUTER.—A Triangulator and Computer for the Geological Survey Branch of the Department of Mines, Subdivision A of the Second Division, initial salary $1,600 a year. Candidates must have had practical experience in field and office. They must possess a knowledge of methods of executing, computing, and adjusting different grades of triangulation and contour traverses, determination of azimuths and time, computation of geodetic co-ordinates; they must also have a knowledge of leveling and of the methods used in topographic mapping. Forms upon which to make formal application will be received by the Secy. of the Civil Service Comn. until April 29. William Foran is Secy. of Comrs., Ottawa, Ont.

ASSISTANT CHEMICAL ENGINEER IN FOREST PRODUCTS.—Washington, D. C.—The U. S. Civil Service Commission announces an examination on May 24 to secure eligibles from which to make certification to fill a vacancy in the position of Assistant Chemical Engineer in Forest Products, at a salary of from $1,200 to $1,500 a year, in the Forest Service, for duty at Madison, Wis., and vacancies requiring similar qualifications as they may occur, unless it shall be decided in the interest of the service to fill the vacancy by reinstatement, transfer, or promotion. The examination will consist of the subjects mentioned below, weighted as indicated: Chemical arithmetic, 25 points; Engineering, 25 points; Chemistry of forest products, 25 points; Training and experience, 25 points. Applicants must have reached their 20th but not their 50th birthday. Examination form 1312.

ASSISTANT TOPOGRAPHER.—Ottawa, Ont.—The Commissioners of the Civil Service of Canada hereby give public notice that applications will be received from candidates qualified to fill the following positions in the Inside Division of the Civil Service of Canada: Three Assistant Topographers for the Geological Survey Branch of the Department of Mines, Subdivision A of the Second Division, initial salary, $1,600 a year. Candidates must have had practical experience in topographical (contoured) map making, both in office and field, and must possess a knowledge of the following:—photo-topography, field and office methods; topography by plane table methods; detailed topographical mapping methods; surveying instruments, their adjustment and use; methods used for control of topographical maps. Candidates must be good draftsmen. Forms upon which to make formal application will be received by the Secretary of the Civil Service Comn. until April 29. William Foran is Secy. of Comn., Ottawa, Ont.

For other Proposal Advertisements see pages 49, 50, 52, 53, 56 of Advertisements and Construction News page 194.

CATSKILL AQUEDUCT.

CONTRACT 65.

New York, N. Y.

Sealed bids will be received by the Board of Water Supply, at its offices, seventh floor, 165 Broadway, New York, until 11 A. M. on Tuesday, May 16, 1911, for Contract 65, for the construction of a portion of the City tunnel of the Catskill aqueduct, a circular tunnel in rock, 15 feet and 14 feet inside diameter. From the northerly end of the work at Aqueduct and Burnside avenues near University Heights, the tunnel line extends in a general southerly direction under Aqueduct and Lind avenues, in the Borough of The Bronx, to the crossing under the Harlem river at 167th street, near Highbridge, thence beneath Highbridge, St. Nicholas and Morningside parks and connecting streets, in the Borough of Manhattan, to Central park near Eighth avenue and West 99th street. The work will be carried on through 7 shafts, spaced from 2,500 to 5,100 feet apart, and varying in depth from 260 to 475 feet.

At the above place and time the bids will be publicly opened and read. Pamphlets containing information for bidders, and pamphlets of contract drawings can be obtained at the above address by depositing the sum of ten dollars ($10) for each pamphlet. For further particulars see Information for Bidders.

CHARLES STRAUSS, President;
CHARLES N. CHADWICK,
JOHN F. GALVIN,
Commissioners of the Board of Water Supply.

JOSEPH P. MORRISSEY,
Secretary.

CATSKILL AQUEDUCT.

CONTRACT 66.

New York, N. Y.

Sealed bids will be received by the Board of Water Supply, at its offices, seventh floor, 165 Broadway, New York, until 11 A. M. on Tuesday, May 16, 1911, for Contract 66, for the construction of a portion of the City tunnel of the Catskill aqueduct, a circular tunnel in rock, varying from 14 feet to 12 feet inside diameter. From the northerly end of the work in Central park, near Eighth avenue and West 99th street, the tunnel line extends in a general southerly direction under Central park, Sixth avenue and Broadway to 14th street, in Union Square. The work will be carried on through 6 shafts, spaced from 2,300 to 4,550 feet apart, and varying in depth from 200 to 250 feet.

At the above place and time the bids will be publicly opened and read. Pamphlets containing information for bidders, and pamphlets of contract drawings can be obtained at the above address by depositing the sum of ten dollars ($10) for each pamphlet. For further particulars see Information for Bidders.

CHARLES N. CHADWICK,
JOHN F. GALVIN,
Commissioners of the Board of Water Supply.

JOSEPH P. MORRISSEY,
Secretary.

INCINERATOR PLANT.

Erie, Pa., April 17th, 1911.

Sealed proposals will be received by the Chairman of the Joint Session of Councils to be held in the Common Council Chamber on Monday, May 8th, 1911, at 8.00 o'clock P. M., for the construction of an incinerator plant for the City of Erie.

Plans of the proposed site and general specifications may be had at the office of the City Engineer.

A certified check, or certificate of deposit, payable to the Treasurer of the City of Erie, in the sum of ten (10) per cent. of the amount of the bid, must accompany each proposal as a guarantee to enter into a contract if awarded.

The Councils reserve the right to reject any or all bids.

B. E. BRIGGS,
City Engineer.

CATSKILL AQUEDUCT.

CONTRACT 67.

New York, N. Y.

Sealed bids will be received by the Board of Water Supply, at its offices, seventh floor, 165 Broadway, New York, until 11 A. M. on Tuesday, May 16, 1911, for Contract 67, for the construction of a portion of the City tunnel of the Catskill aqueduct, a circular tunnel in rock, 12 feet and 11 feet inside diameter. From the northerly end of the work in Union Square, at 14th Street, the tunnel line extends in a general southerly direction through the Borough of Manhattan, under Fourth avenue, the Bowery, Delancey, Allen, Hester and Clinton streets, thence beneath the East river to the foot of Bridge street, in the Borough of Brooklyn, and through this Borough under Bridge street and Flatbush avenue to the terminal shaft, Shaft 23, at Third avenue and Schermerhorn street, and from Flatbush avenue under Lafayette street to the terminal shaft, Shaft 24, in Fort Greene park. The work will be carried on through 6 shafts, spaced from 3,[illegible] apart, and varying in de[illegible] 740 feet.

At the above place and [illegible] will be publicly opened a[illegible] lets containing informat[illegible] and pamphlets of contra[illegible] be obtained at the above [illegible] positing the sum of ten [illegible] each pamphlet. For furt[illegible] see Information for Bidder[illegible]
